### **Sport Ethics: Applications for Fair Play, 3rd Edition**

The third edition of "Sport Ethics: Applications for Fair Play" provides a comprehensive overview of the ethical issues surrounding sport. The book is divided into four parts, each of which covers a different aspect of sport ethics. Part 1 introduces the basic concepts of ethics and fair play, while Part 2 examines the ethical issues surrounding specific sports, such as football, basketball, and baseball. Part 3 addresses the ethical issues surrounding the business of sport, such as doping, gambling, and match-fixing. Part 4 concludes the book with a discussion of the future of sport ethics.

#### **Q: What are the basic principles of fair play?**

**A:** The basic principles of fair play are respect, responsibility, integrity, and sportsmanship. Respect means treating others with dignity and kindness, even when you disagree with them. Responsibility means taking ownership of your actions and decisions, and being accountable for the consequences. Integrity means being honest and truthful, even when it is difficult. Sportsmanship means playing the game in a fair and competitive manner, and accepting the results with grace and humility.

#### **Q: What are some of the ethical issues surrounding specific sports?**

**A:** Some of the ethical issues surrounding specific sports include violence, cheating, and doping. Violence is a problem in many sports, and it can lead to serious injuries or even death. Cheating is another problem in sports, and it can range from minor

infractions, such as bending the rules, to more serious offenses, such as using illegal drugs. Doping is the use of performance-enhancing drugs or other substances, and it is a serious problem in many sports.

**Q: What are some of the ethical issues surrounding the business of sport?**

**A:** Some of the ethical issues surrounding the business of sport include doping, gambling, and match-fixing. Doping is the use of performance-enhancing drugs or other substances, and it is a serious problem in many sports. Gambling is another problem in sports, and it can lead to addiction and financial ruin. Match-fixing is the deliberate manipulation of the outcome of a sporting event, and it is a serious crime.

**Q: What is the future of sport ethics?**

**A:** The future of sport ethics is uncertain. Some experts believe that sport ethics will become more important in the future, as sports become more globalized and commercialized. Others believe that sport ethics will become less important, as sports become more focused on entertainment and profit. Only time will tell what the future of sport ethics holds.

**Q: What are some resources for learning more about sport ethics?**

**A:** There are many resources available for learning more about sport ethics. Some of the best resources include the following:

- The International Council of Sport Science and Physical Education (ICSSPE)
- The Ethics and Sport Research Center at the University of Queensland
- The Center for the Study of Sport in Society at Northeastern University
- The Fair Play Foundation (UK)

**What are some questions to ask about Of Mice and Men Chapter 2?**

**What is the essential question Of Mice and Men?** Discuss: How does Steinbeck's depiction of the lives of George and Lennie match the insights gained through Guthrie's songs? An essential question to guide students' reading Of Mice and Men might be one of the following: What do we owe to a friend? Are there limits about

what we should do for a friend?

**What is Chapter 1 Of Mice and Men about?** In Chapter 1, the reader learns that George and Lennie are migrant laborers who travel together. Lennie has an intellectual disability and George looks after him. Though George cares about Lennie, he is frustrated by the fact that Lennie keeps getting them fired from their jobs.

**What are good Socratic seminar questions for Of Mice and Men?**

**Why is the boss suspicious of George in chapter 2 Of Mice and Men?** When George tries not to let Lennie talk to the boss, why is the boss suspicious? He worries that George might be taking advantage of Lennie.

**What is Chapter 4 Of Mice and Men mostly about?** Chapter Four develops the character of Crooks, the stable buck, who lives alone in a part of the barn. Crooks lives in the barn rather than the bunkhouse because he is black and the ranch is segregated.

**Is Lenny from Of Mice and Men autistic?** Of Mice and Men is a story about an intellectually disabled man. Lennie's disability is central to the plot; if he were not intellectually disabled, the story would simply not work. It has also been suggested (Loftis, 2015, 2016) that Lennie exhibits characteristics of autism.

**What is the deeper meaning of Of Mice and Men?** Like many of Steinbeck's works, Of Mice and Men is a story about the nature of poverty, the death of the American Dream, and the lack of control that individuals have over their own lives.

**What is the moral message Of Mice and Men?** Answer and Explanation: Of Mice and Men is a story about integrity. It demonstrates how important it is to keep your promises, even when it hurts.

**Why did George shoot Lennie?** Answer and Explanation: The reason George shoots Lennie at the end of Of Mice and Men is because Lennie killed Curley's wife. If George did not shoot Lennie, the large man would either be shot in the stomach by Curley, a slow and painful death, or locked up in an institution.

**What is Chapter 3 Of Mice and Men about?** In chapter 3 of "Of Mice and Men," George makes Lennie return a puppy he was hiding in his coat. Candy reluctantly allows Carlson to kill his dog because the dog smells. George, Lennie, and Candy discuss buying a farm together. Curley and Slim are angry with each other because Curley thinks Slim has been with his wife.

**Why did Aunt Clara stop giving Lennie mice?** Aunt Clara used to give Lennie mice to pet. Lennie loved the mice because they were soft. However, Aunt Clara had to stop giving them to him because he would accidentally kill them from petting them too hard.

**What are 3 examples of Socratic questions?**

**What is Of Mice and Men trying to teach us?** As a novella, Of Mice and Men is a text that preaches the dangers of believing in dreams, specifically in the American Dream, while teaching us the value of friendship and companionship.

**What is the main focus Of Mice and Men?** Of Mice and Men illustrates how working-class people possess little meaningful freedom and are often held captive by their circumstances.

**Why did Slim give Lennie a puppy?** Early in the novella, George promises Lennie that he will get him a puppy if he gets the chance, saying the puppy would be "better than mice." So, when Lennie and George overhear Slim talking about his dog's new litter, Lennie immediately perks up and excitedly asks George to talk to Slim about giving him a "brown and ...

**Why does Curley dislike Lennie?** Curley does not seem to like anyone, especially not Lennie, because Lennie is big and strong. Curley doesn't like big guys because he is a small guy himself. One day Curley hits Lennie, without any good reason. First Lennie did not do anything, but then he hit back, as George requested.

**What does she got the eye mean in slang?** derogatory disparaging; belittling. "she got the eye" said of Curley's wife, meaning that she flirts and is interested in men other than her husband. tart a promiscuous woman. stake a share or interest, as in property, a person, or a business venture.

**Why do crooks call Lennie Nuts?** 82-83) Crooks tells Lennie that if someone gets too lonely, he becomes crazy ("nuts"). Crooks' words about loneliness reinforce this major theme of the novel.

**Why isn't Candy afraid of Curley's wife anymore?** Answer and Explanation: In *Of Mice and Men*, Candy stands up to Curley's wife because she is in the wrong place, doesn't belong there, and her presence risks some wrong assumption and retaliation from Curley.

**Why isn't Crooks allowed in the bunkhouse?** The stable hand is not allowed in the bunkhouse because he is black. When he has an opportunity to wield some power of his own and hurt someone else as he has been hurt, Crooks takes the opportunity by picking on Lennie. But then sensing Lennie's fear and power, he backs down.

**What does Chapter 2 of *Of Mice and Men* talk about?** In Chapter 2 of *Of Mice and Men*, George and Lennie arrive at the ranch they are going to work on, and they go to the bunkhouse. They meet Candy, the boss, Curley, Curley's wife, Slim, and Carlson. Candy tells them about Curley being newly married and mean.

**Why is Lennie scared in Chapter 2?** When George says that Curley's wife seems like a "tramp," Lennie responds that he thinks she is "purty," causing George to warn Lennie to keep away from her, just like he's supposed to keep away from Curley. This admonition worries Lennie, who says, "I don't like this place, George."

**What is the main conflict in *Of Mice and Men* Chapter 2?** What was the conflict in chapter 2 of *Of Mice and Men*? The conflict mainly occurs when George and Lennie meet Curley, the boss's son. Curley doesn't like Lennie for being so big. Curley is also recently married, and his wife is flirtatious, which could also lead to trouble.

**How is loneliness shown in Chapter 2 of *Of Mice and Men*?** Yet when Candy reveals that the last guy (the one who had George's bunk) left because it was time to move on, we see the loneliness that plagues all the men who, like George and Lennie, move from place to place to find work.
