**What is the role of Lady Bertilak in Sir Gawain and the Green Knight?** In the poem Sir Gawain and the Green Knight, greed and temptation are two characteristics that guide Lady Bertilak to trick Gawain. She continuously tempts Gawain to take her belongings by telling him they will protect him. One of the most significant offerings from Lady Bertilak was the ring.

**What is the gender of Knight?** It is unknown if Knights have a gender but they likely don't. A Knight's strength is determined by what armor we wear. Each armor piece we wear determines our strengths and weaknesses.

**What is Sir Gawain's role in the story?** Gawain, hero of Arthurian legend and romance. A nephew and loyal supporter of King Arthur, Gawain appeared in the earliest Arthurian literature as a model of knightly perfection, against whom all other knights were measured.

**Why does Gawain kiss the lady?** One interpretation is that Sir Gawain is just being a courteous guest to his hostess. If he does not kiss her, his "restraint is interpreted as discourteous, perhaps even an insult towards" (Jucker 12-13) Lady Bertilak. So instead of the kiss being sexual or devious, it is an act of politeness.
