### **Toshiba Aquilion LB: Technical Specifications**

The Toshiba Aquilion LB is a high-speed, 320-slice CT scanner that combines advanced imaging capabilities with exceptional performance. Here are some key technical specifications:

**Q: What is the detector size and pitch?** **A:** The Aquilion LB features a large, 320 x 0.5 mm detector with a maximum scan range of 16 cm. The narrow detector pitch allows for high-resolution images with minimal artifacts.

**Q: What is the gantry rotation speed?** **A:** The gantry rotates at a rapid speed of 0.35 seconds per rotation, enabling fast and accurate scans. This reduces motion blur and improves image quality.

**Q: What is the maximum tube current?** **A:** The Aquilion LB has a maximum tube current of 600 mA, providing ample X-ray intensity for high-contrast images. This is particularly beneficial for vascular imaging and cardiac applications.

**Q: What is the field of view (FOV)?** **A:** The Aquilion LB has a wide field of view of 75 cm, allowing for comprehensive scanning of the body. This is ideal for whole-body scans, trauma imaging, and surgical planning.

**Q: What imaging modes are supported?** **A:** The Aquilion LB supports a wide range of imaging modes, including helical, sequential, and axial. It also features advanced reconstruction algorithms such as AIDR 3D Enhanced and Metal Artifact Reduction (MAR), delivering exceptional image quality and artifact reduction.

## **Three Thousand Years of Chinese Painting: Q&A**

### **1. What is the earliest known Chinese painting?**

- The earliest known Chinese painting is the "Guyuan Tu" or "Picture of the Silk Garden," discovered on a Western Han dynasty tomb wall in 1986. It depicts a garden scene with figures and animals.

### **2. When did Chinese painting flourish?**

- Chinese painting flourished during the Tang and Song dynasties (618-1279 AD). This period is considered the Golden Age of Chinese painting, with notable artists like Li Sixun and Wang Wei. They developed landscape painting as a distinct genre.

### **3. What were the major styles of Chinese painting?**

- Chinese painting has a rich history of styles, including:
  - Landscape painting: Depicts mountains, rivers, and villages, expressing harmony with nature.
  - Figure painting: Portrays human subjects, capturing their expressions and emotions.
  - Flower-and-bird painting: Features depictions of flowers, birds, and other animals.
  - Calligraphy: The art of expressive writing, considered a form of painting in China.

### **4. How was Chinese painting influenced by other cultures?**

- Chinese painting was influenced by Buddhism and Taoism. Buddhist art introduced new iconography and styles, while Taoism inspired themes of nature and balance. Later, Chinese painting also incorporated Western influences during the 19th and 20th centuries.

### **5. What are the contemporary trends in Chinese painting?**

- Contemporary Chinese painting continues to evolve, embracing new techniques and themes. Artists are drawing inspiration from traditional styles while experimenting with modern materials and abstract concepts. Globalization has also led to exchanges between Chinese artists and international influences.

## Triggers

Triggers are external cues that can cause us to react in a certain way. They can be positive or negative, and they can be anything from a person to a place or an event. While we can't always control the triggers that we encounter, we can learn to manage our reactions to them.

### What are some common triggers?

Some common triggers include:

- **People:** Certain people can trigger us because of their personality, their behavior, or their relationship to us.
- **Places:** Certain places can also be triggers, such as a place where we experienced trauma or a place that we associate with negative memories.
- **Events:** Certain events can also be triggers, such as a death, a divorce, or a job loss.

### How can we manage our reactions to triggers?

Once we identify our triggers, we can start to develop strategies for managing our reactions to them. Some helpful tips include:

- **Be aware of your triggers.** The first step is to be aware of what triggers you and to understand why they do.
- **Avoid your triggers if possible.** If possible, try to avoid situations or people that you know will trigger you.
- **Change your reaction to your triggers.** If you can't avoid your triggers, you can work on changing your reaction to them. This may involve changing your thoughts, your behavior, or both.
- **Seek help if needed.** If you're struggling to manage your reactions to triggers, don't hesitate to seek help from a mental health professional.

### How did Marshall Goldsmith use triggers?

Marshall Goldsmith is a world-renowned executive coach who has worked with some of the world's most successful leaders. Goldsmith is known for his use of triggers in his coaching. He believes that by understanding our triggers, we can learn to control our reactions to them and become more effective leaders.

Goldsmith has identified 20 common triggers that can derail even the most successful leaders. These triggers include things like:

- **Being criticized**
- **Feeling overwhelmed**
- **Making a mistake**
- **Being ignored**

Goldsmith believes that by becoming aware of our triggers and developing strategies for managing them, we can overcome the obstacles that stand in our way and achieve our goals.

## Conclusion

Triggers are a part of life, but we don't have to let them control us. By understanding our triggers and developing strategies for managing them, we can take control of our reactions and become more effective leaders.
