What is the coffin from Hong Kong about? And with A Coffin from Hong Kong, JHC delivers one of his very best. The Story: Private eye Nelson Ryan tries to resolve the murder of a Chinese girl at his private office but ends up getting framed for this murder. Things turn interesting when Ryan visits Hongkong to sort things out.

Why is it called a coffin? First attested in English in 1380, the word coffin derives from the Old French cofin, from Latin cophinus, which means basket, which is the latinisation of the Greek ??????? (kophinos), basket. The earliest attested form of the word is the Mycenaean Greek ko-pi-na, written in Linear B syllabic script.

Do coffin homes still exist in Hong Kong? While a well-off minority lives in luxury, many Hongkongers struggle to find affordable flats. Some of the poorest members of society are crammed into what, at best, can be described as “coffin homes”.
