

# Blue book of gun values 19th ed

## [Download Complete File](#)

**How do you know how much your gun is worth?** Auction results can be an excellent indicator of firearms values. You can try “Googling” your gun by searching for its make and model plus “auction.” Rock Island Auction is the largest firearms auction house, and it reports the prices realized for each of the sales.

**What guns have gone up in value?** M1 Garands, K98 rifles, and combat shotguns have all seen their values rise dramatically. Long gone are the days when vintage military guns were so abundant they were modified for hunting or target shooting without a second thought.

**Are guns increasing in value?** There's plenty of demand: Amid growing demand, prices for assault rifles and ammunition have risen steadily. (In the recent surge, share prices for listed companies that make firearms also have climbed. Prime examples include Smith & Wesson Holding Corp. (SWHC) and Sturm Ruger & Co.

**Can I look up a serial number on a gun?** Unfortunately for purchasers in private sales, only law enforcement agencies are allowed to request a gun serial number check or search of the lost and stolen gun database.

**What is the most commonly sold gun?** Other than . 22 rifles, the AR15 and Glock 19 are very popular. According to the NRA's American Rifleman magazine, the top slot for best-selling handgun of 2019, according to the GunBroker Gun Genius, belongs to the SIG Sauer P365.

**Do guns hold their resale value?** In general, new factory-produced firearms depreciate about 15% when they are purchased. After that initial depreciation, guns generally hold their value for the next 15 years while only losing an additional 1% per year.

**Do limited edition guns go up in value?** Collectible guns and limited edition firearms can cost a pretty penny, but they can increase in value over time as well. So, before you make any big purchase, it's essential to be as educated and knowledgeable as possible about the items and the market.

**Do guns hold their value?** New Firearms Generally, guns depreciate 15-25% when purchased. After that, though, their value stays fairly consistent for at least the next 15 years. Common guns do not hold value very well, because they are usually very easily available to the general public.

**Can you value a gun with a serial number?** Serial numbers can have a huge effect on value. As an example, a pair of Winchester Model 70 rifles are, or were, recently for sale, Serial #s one and two.

**What makes a gun a collectible?** Make & model, condition, rarity, history or art? These are the five factors that tend to appeal to collectors, and which determine the value of collectible guns. Tastes differ as to which is most important.

**What makes a gun rare?**
