Did Sharon Salzberg say the difference between misery and happiness depends on what we do with our attention?

~~The difference between misery and~~
SPARE PARTS FOR HONDA CB400 CMSNL

happiness depends on what we do with our attention. Life is like an ever-shifting kaleidoscope - a slight change, and all patterns alter. Metta is the ability to embrace all parts of ourselves, as well as all parts of the world.

What is Compassion Sharon Salzberg? Compassion is a practice of inclining the mind and of intention. Rather than laying a veneer of idealism on top of reality, we want to see quite nakedly all the different things that we feel and want and do for what they actually are.

Who believe that the purpose of life is to maximize happiness and minimize misery? The hedonistic view of well-being is that happiness is the polar opposite of suffering; the presence of happiness indicates the absence of pain. Because of this, hedonists believe that the purpose of life is to maximize happiness, which minimizes misery.

What does happiness in misery mean? It roughly translates as “out of the depth of misfortune comes bliss” or “the good emerges when the evil has reached its extreme.” Which in essence isn't that different from some of the English sayings like “after rain there's a rainbow.”

What are the 4 pillars of compassion? We learn by standing atop the four pillars and exercising compassion, empathy, sympathy and forgiveness. The operative word is exercise. Like physical exercise where we improve when we do something so too it is with kindness. We get better at it when we do it.

Is Sharon Salzberg Buddhist? Sharon Salzberg (born August 5, 1952) is an author and teacher of Buddhist meditation practice in the West.

Is compassion meditation the same as loving-kindness meditation? Loving-kindness and compassion Both types of meditation are geared toward enhancing unconditional, positive emotional states. While loving-kindness practice cultivates unconditional friendliness, compassion meditation is concerned with alleviating suffering.
