Is Pimsleur better than Duolingo? Pimsleur is better for speaking and listening Duolingo has plenty of reading and writing exercises but places very little emphasis on speaking and listening. You'll run into speaking exercises every now and then, but they can be a bit frustrating since Duolingo's speech recognition technology isn't very accurate.

How long does it take to become fluent in Spanish with Pimsleur? The overriding message is that anyone can learn a foreign language, but some people are quicker at it than others. Still, language learning is a serious commitment, and if one's aim is to speak it comfortably (say, 2+ on the FSI scale), this is likely to take the equivalent of six months of full-time study.

How many levels of Pimsleur in Spanish are there? Let's start with the basics—how the Pimsleur Spanish program works. From a structural perspective, there are five different levels in the course, ranging from beginner to advanced. Each level contains 30 lessons, meaning there are around 150 total lessons in the whole program.

How much does Pimsleur Spanish cost? With Pimsleur, you have your choice between two packages: the Pimsleur Premium plan, which costs \$20 per month and includes access to one language, or for \$1 more per month, you can upgrade to the Pimsleur All Access plan, which includes access to all Pimsleur languages (there's over 50 of them).

Does the FBI use Pimsleur? The Pimsleur Method is now used by the FBI, Homeland Security, State Department, Marine Corps, and Navy, Fortune 500 companies such as Mercer and Alcoa, as well as diplomats, journalists, aid workers, and business executives who need to learn a language quickly and effectively.

Is Rosetta Stone or Pimsleur better? If you're a visual learner, Rosetta Stone will likely be a better fit with its image-heavy lessons. However, if you're more of an

auditory learner, Pimsleur's audio lessons are very hard to beat. We give Pimsleur a slightly better overall grade.

Will I be fluent after Pimsleur? At the end of all the 150 lessons, I didn't remember everything I had learned, but I had a good foundation that prepared me for the next step in my language learning. "Pimsleur is not where you will get fluent. It's where you'll get started on your journey toward fluency."

Can I become fluent in 3 months in Spanish? It is possible to achieve this goal in three months, provided you do the work and stay consistent throughout the process of learning Spanish. It goes without saying that the time taken to learn a new language depends on the amount of work you are willing to put in.

How fast can you realistically learn Spanish fluently? In a nutshell, you can achieve fluency within 9–12 months if you use the right strategies and are consistent. But of course, it's more complicated than that, as there are several factors to consider. In this article, I'll guide you through the reality of the path to Spanish fluency step-by-step.

Can you skip levels on Pimsleur? At present you cannot switch languages inside the Pimsleur Skill, however you can switch between Levels of a single language.

What dialect of Spanish does Pimsleur teach? The Spanish Language Pimsleur's Spanish programs teach an educated Latin American Spanish, featuring only native speakers. Students can expect to understand the lessons clearly and to be understood by Spanish speakers everywhere.

Is Babbel or Pimsleur better for Spanish? If you want conversation skills to communicate during a trip to a new country in a few months, Pimsleur will probably work best for you. If you plan to study abroad and want to more slowly gain a deeper fluency, Babbel may provide a stronger foundation in your new language.

Is Duolingo or Pimsleur better? The clearest advantage of the Pimsleur program is that they are much better than Duolingo at developing your verbal skills. One of the biggest accelerants of learning a language is getting immersed. You need to hear and speak the language in heavy doses, and frequently.

Should I pay for Pimsleur? Although Pimsleur's pricing is a little on the high end, it's not outrageous. The benefit of the subscription pricing is that if you follow the instructions and complete one lesson per day, you'll work through an entire level (30 lessons) in one to two months.

Does the government use Pimsleur? The Pimsleur Method has been adopted by many top government agencies and branches of the military. The Pimsleur digital app allows use at home, on the base, or hands-free mobile use for out in the field.

What program does the FBI use to learn a language? Foreign Service Institute (FSI) FSI offers full-time and part time classroom-based instruction to U.S. government personnel in over 70 languages. FSI also offers mentored online distance learning courses.

How do CIA agents learn languages so fast? Spies actively seek opportunities to immerse themselves in the target language, whether by traveling to a foreign country or engaging with native speakers in their own community. By exposing themselves to authentic conversational contexts, spies develop their comprehension, speaking, and listening skills rapidly.

How does the FBI learn languages quickly?

How expensive is Pimsleur? Is Pimsleur expensive? No, at \$12 to \$21 per month, our team does not consider Pimsleur to be an expensive language learning app. Yes, other language apps are cheaper, but Pimsleur is still more affordable than many other apps and programs out there.

What's better than Rosetta Stone? The best overall Rosetta Stone alternative is Duolingo. Other similar apps like Rosetta Stone are Busuu, Lingvist, Memrise, and Mango Languages. Rosetta Stone alternatives can be found in Language Learning Software.

Is Pimsleur really effective? Pimsleur is very effective in helping you learn to speak and understand a new language. Its methods are research-based and have been refined over years and years since its creation, so it's no wonder the program is so popular.

Can you become fluent through Pimsleur? Many people have learned languages using the Pimsleur method, and it's also used by government agencies and companies to train employees as quickly as possible. It is not designed to get you fluent in a language but will give you enough of a framework to communicate effectively in most situations.

Is Pimsleur really effective? Pimsleur is very effective in helping you learn to speak and understand a new language. Its methods are research-based and have been refined over years and years since its creation, so it's no wonder the program is so popular.

Do polyglots use Pimsleur? The only polyglots I heard recommend Pimsleur said that they like to use a few lessons of it in the beginning in order to develop their accent and comfort level in a new language. Michel Thomas has more fans among polyglots, but not as many as Assimil.

Can Pimsleur make you conversational? To be able to remember everything you've learned Even though Pimsleur is mimicking everyday conversations, you will probably not be able to hold a very deep conversation after completing it. Other than exchanging a few phrases. You will however be able to communicate to an extent with people.

Shrimp Farming in Malaysia: A Q&A with SEAFDEC Philippines

Introduction

Shrimp farming is a major industry in Malaysia, contributing significantly to the country's economy. The Southeast Asian Fisheries Development Center (SEAFDEC) Philippines has been collaborating with Malaysia to promote sustainable shrimp farming practices.

Q: What is the current status of shrimp farming in Malaysia?

A: Malaysia is one of the world's top shrimp producers, with an annual production of over 100,000 metric tons. The industry is primarily export-oriented, with over 90% of production being sold overseas.

Q: What are the challenges facing shrimp farmers in Malaysia?

A: The industry faces challenges such as disease outbreaks, water pollution, and climate change. Diseases such as White Spot Syndrome Virus (WSSV) can cause significant losses to farmers. Water pollution from shrimp farms can also lead to environmental degradation.

Q: How is SEAFDEC Philippines collaborating with Malaysia to address these challenges?

A: SEAFDEC Philippines provides technical assistance to Malaysian shrimp farmers through training programs, research, and technology transfer. The center has developed improved farming practices and disease management techniques to help farmers reduce losses.

Q: What are some of the key outcomes of the collaboration between SEAFDEC Philippines and Malaysia?

A: The collaboration has led to improved shrimp production and profitability for Malaysian farmers. The adoption of SEAFDEC's technologies and practices has helped reduce disease outbreaks and water pollution.

Conclusion

The collaboration between SEAFDEC Philippines and Malaysia demonstrates the importance of international cooperation in promoting sustainable shrimp farming practices. By sharing knowledge and resources, both countries can work together to address the challenges facing the industry and ensure its long-term viability.
