

CHAPTER 13 THE PHRASE AND THE CLAUSE ADJECTIVE CLAUSES

[Download Complete File](#)

What is the adjectival clause and adjective clause? Adjective clauses are dependent clauses that give information about nouns. They allow you to combine two sentences into one by using relative pronouns (?who, whom, whose, where, when, which, that, ?and ?why?) as connectors. WHO ?(used for people as subjects) My friend missed the lecture.

What is an example of an adjective phrase and clause? Grammar Topics Carlos looked at the painting above the mantelpiece. In the sentence above, above the mantelpiece is an adjective phrase because it describes the location of the noun, painting, and does not include a subject or verb. Adjective clauses, like all clauses, include a subject and verb.

How do adjective clauses modify pronouns? Adjective clauses modify a noun or pronoun by providing additional information about it. They help to describe, identify, or provide more details about the noun or pronoun they are associated with. Examples: "The book that she is reading is interesting." (modifies the noun "book")

What does an adjective clause answer? An adjective clause (also called relative clause) is a dependent clause that modifies a noun or pronoun. It tells which one or what kind. Adjective clauses almost always come right after the nouns they modify. There is the mountain that we are going to climb.
