**Was the shape of water a book or movie first?** The shape of water novel by Daniel Kraus is nothing like that at all. Rather than being a book adaptation of the film, Kraus's novel was written alongside del Toro's screenplay. Both writers worked independently on their respective projects but traded notes as the process went along.

**Do you need to read Montalbano books in order?** The series mostly focuses on the cases so I would say you could pick up any random titles to read. But I enjoy reading the series starting from the very first book. I started mine with the second one, went back to the first. Since then I have followed the series in order, annually, religiously.

**Did Montalbano marry Livia?** Montalbano and Livia go to the home Francois (their potential adoptee) has been living, to be safe, and learn that Francois does not want to leave with them and be adopted by them because he has become so attached to the temporary family and their children. This ends the planned marriage of Montalbano/Livia.

**What was the first Inspector Montalbano novel?** 'The Shape of Water' by Andrea Camilleri was translated from the Italian by Stephen Sartarelli. It is the first in Andrea Camilleri's highly successful Inspector Montalbano series that was originally published in 1994 in Italy with its English translation published by Picador in 2002.

**Is the movie The Shape of Water based on a true story?** Trailer for fantasy romance film The Shape of Water The idea for the hit film came about when director and writer Guillermo del Toro met Daniel Kraus in 2011, and is inspired by his memories of watching Creature From The Black Lagoon as a child.

**Who is the real monster in the film The Shape of Water?** Doug Jones was chosen to portray the Amphibian Man in The Shape of Water, having collaborated with del Toro on Mimic (1997), Hellboy (2004), Pan's Labyrinth (2006), Hellboy II: The Golden Army (2008), and Crimson Peak (2015).

**Why did the Montalbano series end?** Of the 27 novels, three remain to be translated into English — and that includes one written 13 years ago. Camilleri decided he did not want any chance of a “Reichenbach Falls” for Montalbano. The series would end with Camilleri's death. So he wrote the final installment in 2006.

**What language does Livia speak in Montalbano?** The books were written in Italian with lots of Sicilian expressions! I've also found out that 'Livia' is German and her voice is dubbed in the series. She seems to be speaking Italian, but perhaps she's dubbed to hide a German accent.

**Why does Montalbano dump Livia?** He simply couldn't go on the way things were. In the end Livia was the one element which was wearing him out, he had not an ounce more energy for the relationship, and it had to go. The ending with Antonia was perfect. No promise of a happy-ever-after future, but no denial of its clear possibility.

**How popular is Inspector Montalbano in Italy?** One of Italy's most successful media exports, the series consistently topped TV ratings, hitting a record-breaking 11.3 million viewers for an episode in 2017 and one billion viewers over its 18-year run from 1999 to 2021.

**Is Inspector Montalbano Italian or Sicilian?** ARE THE US GOVERNMENTS OFFICIAL GUIDELI

**Why did Augustus marry Livia?** The people of Rome saw her as a "model of old-fashioned propriety" with intelligence, beauty, and dignity. For Augustus, this marriage was, for all intended purposes, a wise decision. Livia would be a strong supporter of her husband while maintaining a low profile.

**What town is Inspector Montalbano filmed in?** While the setting for the TV series is the fictional town of Vigàta, Camilleri based the location on his home town of Porto Empedocle; however, the filming of Inspector Montalbano actually takes place in other Sicilian towns, including Sampieri, Scicli, Ragusa Ibla, Modica and Comiso.

**What is the order of the Montalbano series?**

**How many actresses played Livia in Montalbano?** But his heart is planted in Genoa, where his longtime girlfriend, Livia Burlando, works and lives. Three different actors have played Livia, two Swedish actors, who were dubbed in Italian, and the most recent one, Sonia Bergamasco, an Italian actor who, we hope, will continue in the future.
