What does Hamlet mean when he says "as a woman's love"? As woman's love. Hamlet is sarcastic. This is directed both at Ophelia, who wanted to return Hamlet's keepsakes and who was willing to be used by her father, and at Gertrude who was able to get over the death of Old Hamlet within a month to marry Claudius.

Was Ophelia pregnant in Hamlet? In this respect, Hamlet represents a singularity in the canon: there we experience the Elizabethan pregnant imagination "making"—so to say—Ophelia physically pregnant, with the result that her personal tragedy is more pathetic than would otherwise be the case.

Why can't Hamlet marry Ophelia? Bidding his sister, Ophelia, farewell, he cautions her against falling in love with Hamlet, who is, according to Laertes, too far above her by birth to be able to love her honorably. What does Edward Said say about exile? Exile is not, after all, a matter of choice: you are born into it or it happens to you. But provided that exile refuses to sit on the sidelines nursing a wound, there are things to be learned: he or she must cultivate a scrupulous (not indulgent or sulky) subjectivity (Said, 2000: 183).

What is the summary of reflections on exile by Edward Said? He explains that as people are exiled from their homeland, they often form a strong sense of nationalism as a declaration of belonging and a defense against the devastation of exile. Nationalism and exile interact like the dialectic of servant and master, each informing and constituting the other.

What is the reflections on exile and other essays about? In the chapter titled "Reflections on Exile," Edward Said discusses the different aspects of being an exile. His discussion of exile includes what it means to be an exile, the feelings that being an exile produces in individuals, exile in relation to nationalism, and the role of exile in the modern world.

What is the mind of winter reflections on life in exile? The mind of winter 'Exile (...) is "a mind of winter" in which the pathos of summer and autumn as much as the potential of spring are nearby but unobtainable. Perhaps this is another way of saying that a life of exile moves according to a different calendar, and is less seasonal and settled than life at home.

What were the ideas of Edward Said? Edward Said's postcolonial theory focuses on the impact of European colonialism on the lives of colonized people and its manifestations in Western literature and philosophy. Said argues that Western thinkers have created a false image of the Orient as the primitive "other" in contrast to the civilized West.

What does Edward Said say about the other? Said asserts that European knowledge of the East goes arm in arm with expansionism, exploration and settlement. He argues that the 'Orient' is constructed and represented in the binary opposition against the Occident, as the 'Other'.

What is the theme of the exile? The theme of exile has engaged the imagination of many writers in the course of literary history, either because they experienced having to leave their native country for political reasons, or because they felt a disaffection with their society and consciously chose to live elsewhere.

Why was Edward in exile? Edward the Exile (1016 – 19 April 1057), also called Edward Ætheling, was the son of King Edmund Ironside and of Ealdgyth. He spent

most of his life in exile in the Kingdom of Hungary following the defeat of his father by Cnut. Edward the Exile depicted on a medieval genealogical scroll.

What does winter symbolize in the poem? Sadness or sorrow – With all the implications of death, struggle, and hardship, winter represents the season of sorrow.

What does it mean to have a mind of winter? To have a "mind of winter" also suggests a kind of zen-like emptiness; a true "snow man" would shed his judgments (e.g., this is bleak) just as a tree in winter might shed its leaves. To see the world objectively, however, is also to see that it's "nothing" without human interpretation.

What is the theory of Edward Said? Said's theory of postcolonialism is mainly based on what he considers the false image of the Orient or the East that has been fabricated by western explorers, poets, novelists, philosophers, political theorists,

economists, and imperial administrators since Napoleon's occupation of Egypt in 1798.

What was Edward Said's best quote? We can not fight for our rights and our history as well as future until we are armed with weapons of criticism and dedicated consciousness.

In other word, Said means that the West creates a wrong image about the Orient and considers it as the "Other" in contrast to the ideal West.

What was the problem with Edward Said? Said was a man whose scholarship was made up of selective ignorance and widespread ineptitude. He mishandled, misrepresented, and misinterpreted sources in Orientalism and mistranslated the little Arabic he actually did use. He made elementary mistakes in his use of history.

What is the main concern in Edward Said's Orientalism? Said's Orientalism is chiefly concerned with the Islamic Middle East as the Orient and it attends to the constructedness of this Orient.
