

CHILD SOLDIER WHEN BOYS AND GIRLS ARE USED IN WAR

[Download Complete File](#)

What wars were child soldiers used in? Throughout history and in many cultures, children have been involved in military campaigns. For example, thousands of children participated on all sides of the First World War and the Second World War.

How are child soldiers used in armed conflict? Often referred to as “child soldiers,” these boys and girls suffer extensive forms of exploitation and abuse that are not fully captured by that term. Warring parties use children not only as fighters, but as scouts, cooks, porters, guards, messengers and more.

Has the US ever used child soldiers? Nevertheless, 17-year-olds have served in US operations in the Gulf War, Somalia and Bosnia. Harassment and intimidation of young people in the military have been reported.

Why did Sierra Leone use child soldiers? Children are chosen to be soldiers because they are easily manipulated. They are more loyal and obedient than adults and they are far less likely to revolt. They also do not require wages, making them a cheap alternative to traditional soldiers.

Who was the youngest child soldier? Momčilo Gavrić (Serbian Cyrillic: ??????? ???????; 1 May 1906 – 28 April 1993) was the youngest Serbian soldier of World War One; he became a soldier at the age of eight. Momčilo Gavrić in Loznica, 1914.

Are there still child soldiers today? There are an estimated 250,000 child soldiers in the world today in at least 20 countries. About 40% of child soldiers are girls, who are often used as sex slaves and taken as “wives” by male fighters.

What happens to female child soldiers? Female child soldiers are paid less attention in scholarship and policy than male child soldiers, receive very limited media attention, are at risk of invisibility, and are marginalized both during conflict and in post-conflict rehabilitation and reintegration strategies.

Did child soldiers have a choice? Some child soldiers may be said to join armed groups voluntarily, although it is important to note the argument of Lisa Alfredson, who states that 'voluntary' participation may be only an illusion in situations where political or economic forces leave children with no other option.

How are child soldiers punished? Child soldiers who refuse to comply with orders may be severely beaten or threatened with execution. These practices instill fear and guilt in the children and forewarn them of their fate should they attempt to escape or fail to heed orders.

What country uses child soldiers the most? The Democratic Republic of Congo, Somalia, Syria and Yemen currently have the largest number of child soldiers. 3. Children are not only recruited by armed forces and groups as fighters. They are also used as informants, looters, messengers, spies and as domestic or sexual slaves.

What happens to most child soldiers? They are commonly subject to abuse and most of them witness death, killing, and sexual violence. Many are forced to commit violent acts and some suffer serious long-term psychological consequences.

What has been done to stop child soldiers? The 2008 Child Soldiers Prevention Act (CSPA) creates a framework for restricting U.S. arms sales and military assistance to countries whose security forces or government-supported armed groups recruited or used child soldiers during the previous year.

What happens to child soldiers after they are released? Often the first step is to reunite the former child soldier with their family and provide adequate monetary and institutional support. Access to education is one of the most requested forms of support in post-conflict environments, but is often unavailable for economic reasons.

How many child soldiers have died? 8,070 children were killed or maimed, increasingly by explosive remnants of wars, improvised explosive devices (IEDs),

CHILD SOLDIER WHEN BOYS AND GIRLS ARE USED IN WAR

and mines, affecting some 2,257 children. Children continued to be recruited and used with 6,310 children affected; 3,945 incidents of denial of humanitarian access were verified.

Who was the 14 year old boy in WWII? Lucas was always big for his age, and after the Japanese bombed Pearl Harbor, he was desperate to serve his country. While most 14-year-old boys contributed to the war effort through scrap drives and air raid drills, the audacious Lucas forged his mother's signature so he could join the Marines.

Are child soldiers illegal? Article 38(3) of the Convention on the Rights of the Child prohibiting the recruitment of children below the age of 15 is similarly interpreted as banning voluntary enlistment of such children and, hence, completely outlawing child soldiers.

How old is the youngest WWII veteran still alive? “All World War II veterans are in their 90s and 100s,” Sharma explained. “The youngest combat veteran is 96, so time is of the essence when it comes to capturing their stories.” The young documentarian said the interviews make veterans feel appreciated when someone as young as he is cares about what they went through.

What age is considered a child soldier? What is the definition of a child soldier? The official term is “a child associated with an armed force or armed group.” It refers to any boy or girl under age 18 who is recruited or used by an armed force or armed group in any capacity. It does not refer only to a child who is taking a direct part in hostilities.

Are child soldiers victims or perpetrators? Criminal Accountability of Child Soldiers From the perspective of international law, child soldiers are considered passive victims of adult crimes and therefore not responsible for their actions.

What wars used child soldiers? Child soldiers even fought in our own civil war, most notably when a unit of 247 Virginia Military Institute cadets fought with the

Confederate Army in the battle of New Market (1864). More recently, U.S. forces fought against small numbers of underage Hitler Jugend (Hitler Youth) in the closing weeks of World War II.

What if a female soldier gets pregnant? Soldiers can work shifts and continue to perform military duty until delivery. Soldiers with complicated pregnancies may have their duty modified by their healthcare provider. At 20 weeks of pregnancy: Exempt from parade rest or standing at attention for longer than 15 minutes.

Do child soldiers have a choice? How are child soldiers recruited? Although child soldiers are often forcefully recruited, in a number of armed conflicts it is common for boys and girls to be "pushed" to join an armed force or group, out of fear, coerced, or when left with few other choices.

What do child soldiers suffer from? Child war survivors have to cope with repeated and thus cumulative effects of traumatic stress, exposure to combat, shelling and other life-threatening events, acts of abuse, such as torture or rape, violent death of a parent or friend, witnessing family members being tortured or injured, separation from family, ...

Were child soldiers used in the Vietnam War? Evaluated against the backdrop of their social and internal lives, the decision of child soldiers to participate in the Vietnam War is understood to be a product of their personal and social histories.

Were there child soldiers in civil war? It is estimated that about 5 percent of soldiers fighting in the Civil War were under 18, some were as young as 10. William Black became the youngest wounded soldier at 12 when an exploding shell shattered his left arm and hand. Boy soldiers endured all the harsh realities of war including confinement in prison camps.

What are some examples of the use of child soldiers? Child soldiers are boys and girls who are often abducted and used as combatants, forced to act as human shields or conduct executions, deployed as suicide bombers, or used to make or transport explosives. Other roles include working as guards, spies, messengers, porters, cooks or domestic servants.

Did 16 year olds fight in WWII? In World War II, the US only allowed men and women 18 years or older to be drafted or enlisted into the armed forces, although 17-year-olds were allowed to enlist with parental consent, and women were not allowed in armed conflict. Some successfully lied about their age.

Did child soldiers have a choice? Some child soldiers may be said to join armed groups voluntarily, although it is important to note the argument of Lisa Alfredson, who states that 'voluntary' participation may be only an illusion in situations where political or economic forces leave children with no other option.
