Suzuki DRZ400: Differences, Specifications, and Performance\*\*

The Suzuki DRZ400 is an iconic dual-sport motorcycle renowned for its versatility and off-road capabilities. It comes in two variants: the DRZ400S and the DRZ400E.

### **DRZ400S vs DRZ400E**

The primary difference between the DRZ400S and DRZ400E lies in their intended use. The DRZ400S is geared more towards street use and commuting, while the DRZ400E is a dedicated off-roader.

The DRZ400S features street-legal equipment, including turn signals, a rearview mirror, and a license plate holder. It also has a lower seat height and wider tires for improved comfort and stability on paved roads.

The DRZ400E, on the other hand, is designed for off-road adventures. It has a higher suspension, knobby tires, and a six-speed close-ratio transmission for tackling challenging terrain. It lacks street-legal equipment and is not intended for highway use.
