(This quote shows his flaws and fall because he is so gullible and angry because of Iago and leads to his mistake of killing her.) "Oh, what a fool I am!" (Admits to being a fool and shows that he is a tragic hero due to his gullible attributes and blinded sight cause of anger.)

**Is the tragic hero Othello entirely responsible for his own downfall?** To call Othello a 'tragic hero' in itself suggests that he is not entirely responsible for his own downfall, as, such in the case of Hamlet and King Lear, there appears to be other variables and circumstances that contributed to his fall from grace.

**How is Othello considered a tragedy?** Othello is also a domestic tragedy: the tragedy of marriage. The causes of the tragedy of Othello are Othello's gullibility to Iago, jealousy of Desdemona's affair, and male pride.

**Why did Iago hate Othello?** Iago hates Othello for multiple reasons, some more rational than others. Firstly, he is angry at Othello for choosing Cassio over him. In other words, the implication is that answer choice C is correct more often than any other answer choice.

**Is C usually the correct answer?** Myth 2: C is the best guess letter and is right more often than any other letter. C or H are right (and wrong) as often as any other answer choice. The only guess letter you don't want to use when you are completely guessing is E or K because they only show up on the math test.
