This transformative experience has inspired countless individuals to embrace possibility and step outside their comfort zones. Here's an interview with Headley, exploring the insights and lessons she gained from her year of yes.

**Question: What prompted you to embark on the "Year of Yes"?**

**Answer:** I was feeling stuck and unfulfilled, like I had lost sight of my dreams. I decided to challenge myself to say yes to everything for a year, no matter how uncomfortable or frightening it seemed.

**Question: What were some of the most transformative experiences you had?**

**Answer:** I faced my fear of public speaking, tried stand-up comedy, went on a blind date, and even learned to do aerial silks. Each experience pushed me out of my

comfort zone and taught me that I was capable of more than I thought.

**Question: How did the experience change your perspective on life?**

**Answer:** It made me realize that most of the things we fear are not as bad as we imagine them to be. Saying yes allowed me to overcome self-limiting beliefs and embrace a more adventurous and fulfilling life.

**Question: What advice do you have for others who want to live a life of yes?**

**Answer:** Be brave, even when you're afraid. Start small with things that don't terrify you, then gradually work your way up to bigger challenges. Remember that saying yes doesn't mean you have to do everything perfectly, but it allows you to experience growth and possibilities you might never have thought possible.

**Question: What impact has "The Year of Yes" had on your work as an author?**

**Answer:** It has infused my writing with a sense of optimism and courage. It has taught me the importance of embracing the unknown and stepping into the unexpected, both in my characters and in my own life. By saying yes to the unknown, I have discovered a wealth of inspiration and possibilities that have enriched my writing and my life.
