### **Stolen Lives: Twenty Years in a Desert Jail - Malika Oufkir**

#### **Introduction**

Malika Oufkir, the daughter of the late Moroccan General Mohamed Oufkir, spent two decades imprisoned in a remote desert jail after her father's failed assassination attempt against King Hassan II. Her memoir, "Stolen Lives," recounts her harrowing experience and the profound impact it had on her family.

#### **Q: Why was Malika Oufkir imprisoned?**

A: Malika was just 15 years old when her father and brother were executed for their role in the failed assassination attempt in 1972. As punishment for their family's actions, Hassan II imprisoned Malika, her mother, and her five siblings in the secret desert jail of Tazmamart.

#### **Q: What were the conditions like in Tazmamart?**

A: The prisoners were held in tiny, windowless cells and subjected to extreme physical and psychological torture. They were denied food, water, and medical care, and were forced to live in darkness and filth. Several of them died during their imprisonment.

#### **Q: How did Malika and her family cope with their ordeal?**

A: Despite the unimaginable suffering they endured, Malika and her family found strength in their love for each other. They supported and encouraged each other,

and developed an unbreakable bond. Malika also found solace in writing poetry, which became an outlet for her pain and a way to make sense of her situation.

**Q: How were Malika and her family released from prison?**

A: After 20 years of relentless pressure from human rights groups and international organizations, Hassan II finally pardoned Malika and her family in 1991. They emerged from prison physically and psychologically broken, but determined to rebuild their lives.

**Conclusion**

Malika Oufkir's story is a testament to the resilience of the human spirit in the face of unimaginable adversity. Her memoir, "Stolen Lives," is a powerful indictment of political oppression and a reminder of the devastating impact of human rights violations.
