- Do not bring any personal belongings.
- Remain calm and follow the instructions of the crew.

Question:

- What should you not bring with you to the muster station?

Answer:

- You should not bring any personal belongings to the muster station.

Question 5: Writing

Write a short paragraph describing the safety equipment on a ship.

Paragraph:

A ship is equipped with various safety equipment to ensure the safety of the crew and passengers. This includes lifeboats and life jackets for emergencies, fire extinguishers to combat fires, first aid kits to treat injuries, and emergency beacons to signal for assistance. The equipment is regularly inspected and maintained to ensure it is in good working order and ready to use when needed.

How to lower blood sugar in 8 weeks? Mosley's blood sugar diet plan. In the plan you eat a very low calorie diet - 800 calories a day for eight weeks. Because you combine it with a Mediterranean diet keeping your insulin levels on an even keel you are more likely to stick to it and do it.

How do you reset your body from diabetes? More physical activity is a way to improve diabetes, but it may be tough to lose enough weight to go into remission with workouts alone. When combined with changes to your eating, though, exercise helps. A modest, lower-calorie diet plus a big step up in burning calories could put you on the path to remission.

How do I lower blood sugar without medication?

How can I permanently lower my fasting blood sugar? High fasting blood sugar in the morning is not uncommon, even among people with well-controlled diabetes. You can better avoid this by making some healthy lifestyle changes, like exercising routinely, limiting your nighttime carbs, avoiding saturated fats, getting plenty of sleep, and keeping to your treatment plan.

What exercise lowers blood sugar the fastest?

How much weight can you lose on 8 week blood sugar diet? Michael claims the 8-Week Blood Sugar Diet will shift an average of 14 kg in eight weeks. That is twice as much as the maximum of 0.5-1 kg a week usually recommended by health
