### How to Start Reading Vocabulary\*\*

Beginning reading vocabulary can seem daunting, but with the right strategies, beginners can develop a strong foundation. Here are some ideas to get started:

- **Identify Common Words:** Start by learning basic core vocabulary words, which are used in everyday speech and writing.
- **Focus on High-Frequency Words:** These are the 20 most commonly used words in English, such as "the," "and," and "in."
- **Break Down Words into Syllables:** This can help beginners sound out unfamiliar words.
- **Use Context Clues:** Pay attention to the surrounding text to infer the meaning of unknown words.
- **Use a Dictionary or Glossary:** If context clues don't provide an answer, refer to these resources for definitions.

### Teaching Beginning Reading Vocabulary

To teach reading vocabulary effectively, follow these steps:

- **Introduce Vocabulary Before Reading:** Explain the meaning of new words before engaging in reading activities.
- **Use Visuals and Context:** Incorporate pictures, gestures, and real-world examples to make learning more engaging.
- **Provide Opportunities for Repetition:** Encourage students to practice using new words through games, songs, and writing exercises.

- **Monitor Progress and Provide Feedback:** Regularly assess student vocabulary comprehension and offer constructive feedback to support their learning.

## The 5 R's of Reading

The 5 R's of reading are a framework for understanding the basic reading skills:

- **Readiness:** Building phonemic awareness, letter recognition, and background knowledge.
- **Reading:** Decoding text, understanding meaning, and making inferences.
- **Responding:** Connecting to the text, expressing opinions, and asking questions.
- **Reasoning:** Analyzing information, drawing conclusions, and solving problems.
- **Retrieval:** Recalling information from the text and making connections to prior knowledge.
