If you want to improve your one-rep max or increase your muscles' size, focus on lifting moderate to heavy weights. ### **Zimsec Advanced Level Divinity Past Papers: Questions and Answers**

**Paragraph 1:** The Zimbabwe School Examinations Council (ZIMSEC) Advanced Level Divinity past papers provide valuable insights into the requirements of the examination. One common question that appears regularly is:

**Question:** Discuss the nature of God in the Trinity. **Answer:** God is described as a Trinity: the Father, the Son (Jesus Christ), and the Holy Spirit. Each person of the Trinity is fully God and shares the same divine nature, but they also have distinct roles and relationships. The Father is the source of all authority, the Son is the mediator between God and humanity, and the Holy Spirit is the presence of God that guides and empowers believers.

**Paragraph 2:**

Another question that frequently appears is:

**Question:** Examine the role of Jesus Christ in salvation. **Answer:** Jesus Christ is the central figure in Christianity and is believed to have come to earth as the Messiah to save humanity from sin. He died on the cross as a sacrifice for sins and then resurrected, overcoming death and conquering evil. Through faith in Jesus, believers receive forgiveness of sins, reconciliation with God, and eternal life.

**Paragraph 3:**

In addition to doctrinal questions, students may encounter questions about historical events or key figures in Christianity. For example:

**Question:** Describe the significance of the Protestant Reformation. **Answer:** The Protestant Reformation was a religious movement in the 16th century that challenged the authority of the Catholic Church and led to the establishment of Protestantism. Key figures like Martin Luther and John Calvin emphasized the importance of faith alone in salvation and the direct relationship between individuals and God.

**Paragraph 4:**

Ethical issues are also addressed in past papers. One common question is:

**Question:** Discuss the Christian perspective on abortion. **Answer:** Christianity generally views abortion as the taking of an innocent human life and considers it to be a moral wrong. However, there are different perspectives within Christianity, with some exceptions being allowed in cases of rape, incest, or when the mother's life is in danger.
