**What are the levels of Oxford Bookworms?**

**How many Oxford Bookworms are there?** Written for secondary and adult students the Oxford Bookworms Library has seven reading levels from A1-C1 of the CEFR with over 270 original and adapted texts graded to ensure a comfortable read at every level.

**What level is Oxford Bookworms Factfiles?** Factfiles are non-fiction graded readers from the Oxford Bookworms Library available for Levels 1 to 4 (CEFR A1-B2).

**What is Oxford Bookworms library?** Oxford Bookworms is a graded reading series for English language learners. It includes adapted classic works, non-fiction, short stories and more.

**What age is level 7 Oxford books for?**

**What are the 5 reading levels?**

**How many Oxford reading Buddy levels are there?** There are 21 Oxford Levels which take children all the way from when they first begin to read at age 4 up to becoming ready for secondary school at age 11. A variety of factors determine the

level of a book including phonic knowledge, vocabulary, sentence length, number of words on a page and use of illustrations.

**What is the oldest book in the Oxford library?** The *Expositio in symbolum apostolorum* is the earliest book to survive from Oxford's first press, established by a German printer in the 1470s. The omission of an 'x' in the date, printed as M. cccc.

**Do bookworms still exist?** Yes and no. There is not just one insect that's earned the nickname bookworm; there are several different types of pests that feed on the glue, paper, and bindings of books.

**What age is Oxford reading level 5?** Level 5. Recommended reading age 5 - 6 years. Children are starting to read quite fluently and take note of punctuation. Usually about 20 pages with 3 or 4 sentences per page.

**What novels are level 6 Oxford?**

**What are Level 5 reading books?**

**How many levels are there in Oxford Bookworms?** Oxford offers seven levels from Starter to Stage 6. Pick a level to the left that is best for you. the Library Science section.

**Is Bookworms curriculum free?** Walpole, the creator of the curriculum, is a reading researcher rather than a traditional curriculum publisher, and Bookworms is an "open educational resource." The lesson plans are available for free, although schools need to purchase the books the curriculum uses.

**Can anyone go to Oxford library?** The ground floor of the Weston Library is free and open to everyone. Here you can find our free exhibitions, tour ticket desk, café and shop. The Old Library and Radcliffe Camera are only accessible with a Bodleian tour ticket.

**What books are level 7?**

**What is a Stage 7 reading level?** At Level 7, most children can read out loud quite fluently and can usually find the answer to a question within a section of text. Your child will get used to words with unusual phonics patterns, such as 'beautiful', 'eye',

and 'any'. Words with several syllables will often be included.

**What age group is level 5 phonics?** What Age Is Level 5 Phonics Taught? Phase 5 is taught throughout year 1, when students are aged 5-6 years. In this age group, Phase 5 will generally take students the whole of this school year.

**What reading level is a 7th grader?** In the 7th grade, studies using a national sample of students have shown that typically readers will score at a Lexile level between 735L and 1065L over the course of the year.

**What age is level 8 reading?**

**What reading level is Harry Potter?** If you look up Harry Potter and the Sorcerer's Stone in English, it's various grade level recommendations are: Grades 4-6, Lexile 880L (which is 50th percentile at the end of 4th grade), Guided Reading Level V (end of 5th grade), DRA Level 40-50 (4th-5th grade), or ACR 5.5 (mid 5th grade).

**What are the levels of Oxford books?**

**How many Oxford Reading Buddy levels are there?** There are 21 Oxford Levels which take children all the way from when they first begin to read at age 4 up to becoming ready for secondary school at age 11. A variety of factors determine the level of a book including phonic knowledge, vocabulary, sentence length, number of words on a page and use of illustrations.

**What are the levels of reading in Oxford literacy?** The levels range from Level 1 to Level 20, supporting readers from Foundation/Kindergarten to Year 6.

**What books are level 6 Oxford Owl reading?** Includes: Land of the Dinosaurs, In the Garden, Kipper and the Giant, The Outing, Robin Hood and The Treasure Chest. These Oxford Level 6 Biff, Chip and Kipper Stories provide humorous storylines to engage and motivate children.

**Which book is desolation of Smaug based on?** The Hobbit: The Desolation of Smaug is a 2013 epic high fantasy adventure film directed by Peter Jackson from a screenplay by Fran Walsh, Philippa Boyens, Jackson, and Guillermo del Toro, based on the 1937 novel The Hobbit by J. R. R. Tolkien.

**What does the desolation of Smaug Extended Edition add?** The Hobbit: The Desolation of Smaug (extended edition) is an extended version of The Hobbit: The Desolation of Smaug. It has 25 minutes of additional footage added back into the film (bringing its total running time up to 186 minutes), as well as multiple documentaries about the making of the film as supplements.

**How much longer is Desolation of Smaug Extended Edition?** The Extended Edition film is 25 minutes longer with new and extended scenes, not seen in the theatrical release.

**Did Tolkien write The Desolation of Smaug?** The Hobbit: The Desolation of Smaug is the second part of Peter Jackson's The Hobbit film trilogy and it is based on J.R.R. Tolkien's 1937 novel The Hobbit, although some elements are taken from the story and The Appendices of The Lord of the Rings. It was released on 13 December 2013 in North America.

**Did Tauriel love Kili in the book?** Tauriel admits her love for Kili in The Hobbit: The Battle of the Five Armies. Tauriel leaves Thranduil and accompanies Legolas and Bilbo to Ravenhill in order to warn Thorin, Dwalin, Fili, and Kíli of an upcoming attack led by Bolg. She successfully finds Kíli and the two battle against Bolg together.

**Is Sauron in Desolation of Smaug?** Sauron was portrayed by Benedict Cumberbatch through voice and motion capture in The Hobbit: An Unexpected Journey, The Desolation of Smaug, and the upcoming The Battle of the Five Armies. Sauron is the overarching antagonist of the trilogy, given that he made a pact with Smaug and is Azog's boss and leader.

**Is Desolation of Smaug Extended Edition better?** It adds information, and cut scenes which it makes sense were cut. There are a few added scenes, particularly shorts ones, that seemed should have been part of the original cut, but ultimately don't add as much as similar scenes which were cut in AUJ and were subsequently reinserted in its extended edition.

**Is The Hobbit Extended Edition better than the original?** Like The Lord of the Rings, though, these end up as the better versions. While the theatrical versions are more accessible to a wider audience due to their shorter length, the extended cuts

BRAT FARRAR OXFORD BOOKWORMS LIBRARY LEVEL 5 BRAT FARRAR OXFORD

BOOKWORMS LIB

are the preferred choice among fans.

**Why is it called the Desolation of Smaug?** The Desolation of the Dragon, also known as the Desolation of Smaug, was a bleak and barren desert around Erebor and Dale, charred and blackened by the burning breath of Smaug in the days of the dragon Smaug.

**What is the longest version of The Hobbit?** The Hobbit Extended Edition is a version of Peter Jackson's The Hobbit film trilogy. These versions have new editing, scenes, special effects and music, and also more scenes and content than the theatrical versions. An Unexpected Journey contains 13 minutes of additional footage.

**Is Hobbit Extended Edition Rated R?** Extended scenes from 'The Hobbit: The Battle of the Five Armies'. Rated R for some violence.

**Where can I watch Desolation of Smaug Extended Edition?** Watch The Hobbit: The Desolation of Smaug (Extended Version) Streaming Online | Hulu.

**Was Smaug sent by Sauron?** It is later revealed that Smaug's attack on Erebor was all part of Sauron's design, meaning that Smaug and Sauron were in league with each other. Smaug was considered one of the highlights of the second film of the series; several critics hailed him as cinema's greatest dragon.

**Who did Ed Sheeran play in The Hobbit?** The Hobbit: The Desolation of Smaug (2013) - Ed Sheeran as The Balladeer - IMDb.

**How old was Legolas in Desolation of Smaug?** According to the LOTR film guide Legolas was born in TA 87 making him 2931 years old at the time of the War of the Ring.

**Who does Tauriel marry?**

**Does Kili marry the Elf?** Sometime after the Battle of the Five Armies, Kili wakes up in the Caribbean with Tauriel mysteriously appearing with him. After several years of living together, the two finally marry. The duo is later shanghaied into service aboard Queen Anne's Revenge under the fierce command of Captain Blackbeard.

**Who is Legolas in love with?** Tauriel truly threw a wrench in Legolas' life when he fell in love with her. She was brave, fierce, and a protective leader of the guard. He was meant to be the dutiful son of King Thranduil, but in loving her, he became a stubborn, masterful archer instead. He loved exploration and adventure over his duties.

**Was Smaug the last dragon?** Smaug — the last great dragon of Middle-earth, slain by Bard of Esgaroth. A winged Urulokë. Gostir — was one of the Dragons of Morgoth only known by name. An unnamed dragon appears in Hobbit verse, said to have had red eyes, black wings and teeth like knives.

**Who would win, Smaug or the Balrog?** So, the bottom line is that some brutish beast like Smaug (regardless of his size) wouldn't have been a threat to a Balrog. The only thing that could save Smaug would be his wings -- if he flew away in full retreat.

**Why didn't Gandalf fight Smaug?** Even if Gandalf could have defeated the dragon, it was not his place or responsibility to do so. The third reason is that, in taking out Thorin's involvement with the dragon, Gandalf would have prevented the strong and necessary bonds from being created that came in to help in the War of the Ring 60 years later.

**Will The Desolation of Smaug have a sequel?**

**Is Smaug bigger in the books?** Smaug is portrayed in the Hobbit films as having an overall length of 427' (130 m), total wingspan of 360' (110 m), and estimated grounded height of 60' (18.3 m). In the books, the length of Smaug is 59' (18 m). Smaug was the last great dragon living in Middle-earth.

**Was Desolation of Smaug good?** The Desolation of Smaug is a solid blockbuster; lots of action, a decent story and strong special effects – this is not the same as saying it is a great film though, but it does still entertain.

**How long is The Hobbit trilogy extended edition?**

**Why are there two versions of The Hobbit?** The Hobbit has been published in two editions. The second intended to be more in tune with The Lord of the Rings. For

BRAT FARRAR OXFORD BOOKWORMS LIBRARY LEVEL 5 BRAT FARRAR OXFORD

BOOKWORMS LIB

example, the first edition makes a reference to "tomatoes", which was altered to "pickles" by Tolkien in the second.

**Is The Hobbit Extended Edition Rated R?** The extended edition of The Hobbit: The Battle of the Five Armies is rated R for violence.

**What books is the Hobbit trilogy based on?** The films are based on J. R. R. Tolkien's 1937 novel The Hobbit, but much of the trilogy was inspired by the appendices to his 1954–55 The Lord of the Rings, which expand on the story told in The Hobbit. Additional material and new characters were created specially for the films.

**Is Smaug based on Beowulf?** Scholars have compared some of Tolkien's monsters to those in Beowulf. Both his trolls and Gollum share attributes with Grendel, while Smaug's characteristics closely match those of the Beowulf dragon.

**What book is The Hobbit An Unexpected Journey based on?** It is based on the 1937 novel The Hobbit by J. R. R. Tolkien. The Hobbit trilogy is the first installment in acting as a prequel to Jackson's The Lord of the Rings trilogy.

**What chapters does the Desolation of Smaug cover?** In comparison to the book, the events in The Desolation of Smaug start a few pages into chapter 7 (Queer Lodgings) and carry us through to the beginning of chapter 14 (Fire and Water).

**How many books did Tolkien write about The Hobbit?** There are four books in Tolkien's main Middle-earth saga: The Hobbit and the three volumes of The Lord of the Rings (Fellowship of the Ring, Two Towers, Return of the King).

**Did Tolkien rewrite The Hobbit?** The revised text became the second edition, published in 1951 in both the UK and the US. Tolkien began a new version in 1960, attempting to adjust the tone of The Hobbit to its sequel.

**Is Azog not in The Hobbit book?** Azog. Azog was created to be the "big bad" of the trilogy, something that didn't really exist in the book. He is a creation of Tolkien, but was dead long before the events of the Hobbit, and many of his scenes were invented for the films.

**Did Smaug know about Sauron?** Smaug is aware of the return of Sauron, and was apparently intent on joining forces with him (although there was some amount of confusion as to whether the dragon's motives for an alliance with Sauron were).

**Was Smaug in league with Sauron?** He is killed by Bard with a black arrow and his body falls on the boat carrying the fleeing Master of Lake-town. It is later revealed that Smaug's attack on Erebor was all part of Sauron's design, meaning that Smaug and Sauron were in league with each other.

**What does Bilbo call Smaug?** In the conversation between Smaug and Bilbo, Bilbo calls him "Smaug the Tremendous", "Smaug the Chiefest and Greatest of Calamities", "Smaug the Mighty", "Smaug the Unassessably Wealthy", "Lord Smaug the Impenetrable" and "Your Magnificence", and later Bilbo refers to him as "Smaug the Terrible" and "Smaug the Dreadful ...

**Was Ed Sheeran in The Hobbit?** The Hobbit: The Desolation of Smaug (2013) - Ed Sheeran as The Balladeer - IMDb.

**What book inspired The Hobbit?** Iconic English literature may also have played a role in Tolkien's first novel. He was a fan of William Morris, who translated Beowulf, and his creation of Smaug may have been inspired by the dragon in that ancient English poem. Tolkien often lectured on the tale while he was teaching at Pembroke College.

**How old is Thorin in an unexpected journey?** References. ? Thorin is one hundred and forty-four years Bilbo's senior. Given that Bilbo was fifty when he met Thorin, the dwarf king is 195 in the books.

**Why is it called The Desolation of Smaug?** The Desolation of the Dragon, also known as the Desolation of Smaug, was a bleak and barren desert around Erebor and Dale, charred and blackened by the burning breath of Smaug in the days of the dragon Smaug.

**How long did Smaug rule Erebor?** How long did Smaug live in Erebor? According to the Tale of Years in Appendix C, Smaug arrived in Erebor in T.A. 2770, and was killed by Bard in T.A. 2941. So just under 171 years.

**How old is Bilbo in Desolation of Smaug?** Summary. In The Lord of the Rings, Bilbo Baggins is born in Hobbiton in the year TA 2890, and for all of his early life, he enjoys the peaceful realm of the Shire. At the age of 50, Bilbo's life changes forever when he agrees to leave the Shire on an adventure to reclaim Lonely Mountain from the dragon known as Smaug.

**How to learn Python step by step for beginners?**

**How to write Python program step by step?**

**How do I start my first Python program?**

**How can a beginner practice Python?**

**Can I self teach myself Python?** Yes, it's absolutely possible to learn Python on your own. Although it might affect the amount of time you need to take to learn Python, there are plenty of free online courses, video tips, and other interactive resources to help anyone learn to program with Python.

**Can a beginner directly learn Python?** Yes. Python is a great language for programming beginners because you don't need prior experience with code to pick it up. Dataquest helps students with no coding experience get jobs as data analysts, data scientists, and data engineers.

**How do I begin with Python?**

**Where to write Python code for beginners?** Good to know In this tutorial Python will be written in a text editor. It is possible to write Python in an Integrated Development Environment, such as Thonny, Pycharm, Netbeans or Eclipse which are particularly useful when managing larger collections of Python files.

**How to learn coding for beginners?**

**How to say hello world in Python?** Using Print() - The Pythonic Way print("Hello, World!") The print() function is foundational, and mastering it will serve you well in your Python journey. It accepts one or more arguments, making it versatile enough to display strings, variables, or even complex expressions as output.

**How do you get the first entry in Python?** To access the first and last elements of a list in Python, you can use simple indexing. The first element is indexed at 0 , and the last element can be accessed with index -1 .

**How do I run a Python program for beginners?**

**Where can I teach myself Python?** Codecademy's Learn Python 2 You'll learn Python syntax, strings and console output, conditionals and control flow, functions, lists and dictionaries, lists and functions, and loops. Students complete projects, including real-world applications.

**How difficult is Python for beginners?** Python is widely considered among the easiest programming languages for beginners to learn. If you're interested in learning a programming language, Python is a good place to start. It's also one of the most widely used.

**What should I do first to learn Python?**

**Which Python course is best for beginners?**

**Which is the best YouTube channel to learn Python?**

**Can Python alone get you a job?** No, Python alone is not enough to get a job, but knowing python basics and other soft skills and a good educational background certainly help you.

**How to begin with Python?** Python Quickstart Let's write our first Python file, called helloworld.py, which can be done in any text editor. `print("Hello, World!")` The output should read: Hello, World!

**How can I practice Python as a beginner?**

**Can I earn money as a beginner in Python?** Yes, it is possible to make money by only knowing Python, as there are many job opportunities available for Python developers. Python is a versatile and widely-used programming language, and there is high demand for developers who know how to work with it.

**How many hours a day to learn Python?** To learn the very basics of Python, 2 hours per day for two weeks can be enough. Considering it takes 500+ hours to reach a somewhat advanced level, though, you'll have to study Python for 4 hours per day for 5 months to get there.

**Which is the best website to learn Python?**

**How to practice coding every day?**

**What should I do first to learn Python?**

**Is Python hard to learn as a beginner?** Python is widely considered among the easiest programming languages for beginners to learn. If you're interested in learning a programming language, Python is a good place to start. It's also one of the most widely used.

**Can I learn Python in 30 days?** Recommended for everybody. The 30 Days of Python conveys the basics of Python in a very simple way and each day isn't very time consuming. It is a general course, so covers things that you'd need in most Python projects, such as working with data, doing research, or data analysis.

**Which Python course is best for beginners?**

**What is Python good for beginners?** Due to its simplicity, it is simple to learn and comprehend, making it an excellent choice for beginners. Python can be used for several tasks because it is a flexible language, including web development, game development, machine learning, and artificial intelligence.

**How to learn coding for beginners?**

**How to practice coding every day?**

**How to start Python for beginners?**

**Is Python enough to get a job?** Python alone isn't going to get you a job unless you are extremely good at it. Not that you shouldn't learn it: it's a great skill to have since python can pretty much do anything and coding it is fast and easy. It's also a great first programming language according to lots of programmers.
