Is horns a good book? Hill writes with such palpable enthusiasm that he has no trouble hooking readers, especially with a book that is clearly on the side of the angels, though hellbent on using every devil reference it can. Although Mr. Hill is no mere trickster, “Horns” does manage to get its devil into a blue dress with ridiculous ease.

What happened to IG in horns? Despite Lee fatally wounding him, Ig impales Lee on one of his horns and telepathically forces a snake down Lee's throat, killing him. Saying that his vengeance was all-consuming, Ig dies from his injuries and his smoldering corpse turns to hardened ash, and he appears to be reunited with Merrin in the afterlife.

Why did Merrin break up with Iggy? It's written in morse code, and it says that Merrin knew she was dying of cancer like her mother, and after seeing how it affected her father, she didn't want Ig to know about it since he would have only wanted to marry her more, and she didn't want him to live with her suffering.
