

750 suzuki king quad service manual

Download Complete File

How much oil does a Suzuki King quad 750 hold? Refill the engine with 2.6 quarts of Suzuki Ecstar 10W-40 oil or any other 10W-40 oil that has additives for a wet clutch system.

How often do you change the oil in a king quad? Curious about how often to change ATV oil? After 25 hours (or one month) of use, is when your first oil change should occur. From there, the ATV oil change interval is as follows: 100 hours, six months, or 1,000 miles.

How fast is a Suzuki King quad 750? It doesn't want to spin more than 32 mph in low, but will boost to 67 mph in high. If that 67-mph number interests you, then you may be looking at the wrong quad. Even on dead-smooth roads, the King gets a little nervous at top speed.

What is the fuel range of a KingQuad 750? Equipped with a 17.5 litre fuel tank, the King Quad has the potential to run without refuel for nearly 230 km.

What oil does a Suzuki 750 take? Remove the oil fill cap from the right side crankcase cover, then fill the engine with 2.6 quarts of 10W-40 motorcycle oil and reinstall the oil fill cap.

How much does a 750 king quad weigh?

Should you use full synthetic oil in ATV? Synthetic ATV oil is engineered to offer superior performance and protection, making it ideal for high-performance ATVs and challenging terrains. It is created through a complex chemical process, resulting in a purer and more consistent oil composition.

How often do you change transmission fluid in ATV? Demand Drive Fluids for ATVs or SxS/UTVs The schedule for changing this lubricant is generally the same as for the transmission oil: 100 hours, 12 months, or 1,000 miles.

How often do you need to change the differential fluid in an ATV? If you're riding in a lot of mud and dust or heavy-duty conditions, then you're going to want to do it more often — around every 2,000 miles or 100 hours, whichever comes first.

Where are Suzuki King quads made? SMAC, founded in 2001 and based in Rome, Georgia, is Suzuki's All-Terrain Vehicle (ATV) manufacturing facility. For over two decades, all Suzuki adult KingQuad ATVs have been manufactured at this location.

What is the towing capacity of the King quad 750? Thanks to an updated chassis and suspension, the Suzuki KingQuad 750 can tow loads up to an impressive 600kg.

Is Suzuki a good ATV brand? Suzuki ATVs are lauded for their rugged construction and longevity. Users report high satisfaction with the KingQuad's ability to tackle tough chores and tougher terrains with ease.

Does Suzuki King quad 750 have power steering? The KingQuad's advanced electric power steering system is higher capacity than the prior generation for significantly reduced steering effort that also damps vibration and jolts to the rider.

What is the top speed of the Suzuki 750? A tough, chain-type final drive sends power to the rear wheel with a GSX-R750 top speed of around 170 mph.

Is 2008 Suzuki King quad 750 fuel-injected? New for '08, the fuel-injected, single-cylinder, four-stroke, liquid-cooled DOHC engine has been given a larger bore. The previous 695cc engine had a cylinder bore of 102 mm, but Suzuki enlarged that to 104 mm this year, which translates to an increase of 27 cc for a total of 722 cc.

What brand of oil does Suzuki recommend? ECSTAR R5000 Mineral Engine Oil uses high-quality natural base oils in a formulation that keeps your Suzuki's engine and transmission clean and efficient.

Who makes oil for Suzuki? In 2015, ECSTAR has been started as the global brand name of SUZUKI Genuine Oil & Chemical .

Which oil is best for Suzuki? Suzuki Genuine Premium Engine Oil 10W40-SG - 3L & 2.7L - Optimal Lubrication and Friction Reduction for All Suzuki Vehicles.

How big is the fuel tank on a KingQuad 750? Fuel Tank Capacity 17.5 L (4.6 US gal.)

What does AXi mean on Suzuki King quad? The description is "KingQuad 750AXi." The "A" is the mark of an automatic transmission. The "X" represents the independent rear suspension, and the "i" is an indication that this King is equipped with fuel injection.

What are the colors of the Suzuki King quad? Riders can choose between Suzuki legacy bodywork colors of Flame Red, Terra Green, or select bodywork in the new Great Blue color. Independent double A-arm front suspension (6.7 inches of wheel travel) includes large diameter, gas-charged shock absorbers with five-way spring preload adjustment.

How much oil does a quad need? Note: For 110cc models add approximately 1/2 quart (500ml) oil and top off using dipstick as a guide when vehicle is flat. For 125cc models add approximately 3/4 quart (700ml) oil and top off using dipstick as guide when vehicle is flat.

How much oil does a Street 750 take?
