many tenses does English have?

What is the standard American English grammar? Standard American English refers to the form of English used in the United States for both speaking and writing in formal and professional settings. SAE is a formal system best expressed by the norms of grammar, usage, and spelling taught in schools and universities.

Is British English grammar the same as American English grammar? Grammar differences The British are also more likely to use formal speech, such as 'shall', whereas Americans favour the more informal 'will' or 'should'. Americans, however, continue to use 'gotten' as the past participle of 'get', which the British have long since dropped in favour of 'got'.

What is the American version of English? The differences in British and American spelling The main difference is that British English keeps the spelling of words it has absorbed from other languages, mainly French and German. Whilst American English spellings are based mostly on how the word sounds when it is spoken.

What is the difference between American Standard English and British Standard English? Differences between the two include pronunciation, grammar, vocabulary (lexis), spelling, punctuation, idioms, and formatting of dates and numbers. However, the differences in written and most spoken grammar structure tend to be much fewer than in other aspects of the language in terms of mutual intelligibility.
