Who was Savarkar?

Vinayak Damodar Savarkar, popularly known as Veer Savarkar, was a prominent Indian revolutionary, politician, and philosopher. Born in 1883 in Maharashtra, he played a pivotal role in India's struggle for independence.

Early Activism and Exile

Savarkar began his political career in England, where he studied law. There, he established the Free India Society, a secret organization dedicated to overthrowing British rule. In 1910, he was arrested and sentenced to life imprisonment and transported to the Andaman and Nicobar Islands.

The Andaman Years

During his time in prison, Savarkar endured harsh treatment and composed influential writings, including "The Indian War of Independence" and "Six Glorious Epochs of Indian History." He also developed a political ideology known as "Hindutva," which advocated for a united and Hindu-dominated India.

Return to India and Political Career

After a decade in prison, Savarkar was released in 1924. He returned to India and became a prominent leader of the Hindu nationalist movement. He joined the Hindu Mahasabha and served as its President from 1937 to 1943.
