

# Advanced open water diver manual pdf pdf download

## Download Complete File

**How many dives do you need for Advanced Open Water Diver?** The PADI Advanced Open Water course consists of five dives, which are typically completed over two to three days. Two dives (deep and navigation) are required. The other three dives are up to you and your instructor to decide. These can be done consecutively or spread out at different times and/or locations.

**How deep is PADI Advanced Open Water certification?** Improve all areas of your diving skills down to 30 meters (100 feet). If you loved your Open Water Diver course and are eager to learn more and want to dive deeper, consider the PADI Advanced Open Water Diver course. This higher certification level allows you to dive down to 30 meters (100 feet)!

**What is AOW diving?** Advanced Open Water Diver (AOWD) is a recreational scuba diving certification level provided by several diver training agencies. Agencies offering this level of training under this title include Professional Association of Diving Instructors (PADI), and Scuba Schools International (SSI).

**What is the maximum depth for PADI Adventure diver?** You will be qualified for: Diving together with a buddy or under supervision (depending on your age) to a maximum depth of 30 meters, if Deep Adventure Dive was conducted. If not, you will be certified to dive to a maximum depth of 18 meters.

**Can I do 4 dives in a day?** Generally, the answer is no more than four. On day trips, the usual number of dives is two or three. Liveaboard diving is commonly three day dives and a night dive. Those lucky enough to be staying near a beach reef with good diving normally only do 3-4 dives per day.

**What is the minimum dives for PADI?** The path starts with earning a PADI Open Water Diver certification, followed by PADI Advanced Open Water Diver and PADI Rescue Diver (or qualifying certifications). You also need to earn five PADI Specialty Diver certifications and have logged a minimum of 50 dives.

**Can you do padi open water in 3 days?** It's possible to complete your confined and open water dives in three or four days by completing the knowledge development portion via PADI eLearning, or other home study options offered by your local dive shop or resort.

**Is it hard to pass PADI Open Water?** Getting your PADI Certification is not hard, it's fun and it's an incredible experience, but you do need to follow the rules to make sure that your PADI Open Water Course is also a safe experience. After you have completed the PADI course you will receive the PADI Open Water Certification Card.

**How many dives for Divemaster?** In order to qualify for a PADI Divemaster course you need to be a certified PADI Rescue Diver or equivalent, be at least 18 years old and have logged a minimum of 40 dives. To complete the Divemaster certification, you'll need to log at least 60 dives.

**How many dives do you need for open water diver?** Open Water Dives After your confined water dives, you'll head to open water, where you and your instructor will make four dives, usually over two days. On these dives you'll get to explore the underwater world.

**How many dives do you need for open water certification?** In order to complete your PADI Open Water Diver certification, you must complete academic training (Aquatic Adventures uses the PADI online Touch program), 5 confined water dives, and 4 open water dives.

**What is PADI Advanced Open Water Diver equivalent to?**

**What is the limit for advanced scuba diving?** The Advanced Open Water certification removes the Open Water Certifications 60 foot depth limit. When you complete this certification you will be qualified to dive up to 100 feet deep. - Physiological effects of deeper scuba diving.
