**How many years is ATLS good for?** After the successful completion of the ATLS Student or Student Refresher course, your ATLS status is current for four years from

the last date of the course. Students have up to six months after their status expires to take a Student Refresher course.

**What is the golden hour of the ATLS protocol?** The first 60 minutes after traumatic injury which is the most crucial period that determines the patient's outcome has been termed the "golden hour." The concept that definitive resuscitative trauma care must be initiated within this early window has been publicized, taught, and practiced worldwide for more than four ...

**Is ATLS worth it?** Over 90% had positive attitudes towards ATLS, and 74% selected 'genuine improvement of management of trauma patients' as the most important reason for doing the course: 93% thought ATLS saved lives.

**What is the first step in ATLS?** The first stage of the primary survey is to assess the airway. If the patient is able to talk, the airway is likely to be clear. If the patient is unconscious, he/she may not be able to maintain his/her own airway. The airway can be opened using a chin lift or jaw thrust.

**What is the ATLS protocol?** ATLS emphasizes a protocol divided into a primary survey, resuscitation, a secondary survey, and definitive care. The primary survey hinges on the serial assessment of the "ABCs": airway, breathing, and circulation. Resuscitation occurs simultaneously with the primary survey as necessary.

**Is 60% passing on a test?** Most colleges and universities generally consider a "D" (or a 60% to 69% score) as a passing grade. It's important to note that this minimum or lowest passing grade standard can significantly vary depending on the institution or major. For instance, some universities may require a "C" or better to pass.

**Is there a grace period for ATLS 6 months?** If your certification has lapsed, you are allowed to take a recertification class up to 6 months after your ATLS card expiration date (this grace period only applies to your ability to take a recertification course, it may not continue your certification period for hospital credentialing purposes).

**What is the ATLS 2 day course?** ATLS® is a global course, teaching a systematic process of trauma care for patients with life-threatening injuries. Throughout this two-day interactive course, you will learn a range of comprehensive and adaptable

trauma management skills relevant to all specialties.

**What is the priority of ATLS?** ATLS® is a method to establish priorities in emergency trauma care. There are three underlying premises. (1) Treat the greatest threat to life first. (2) Indicated treatment must be applied even when a definitive diagnosis is not yet established.

**What is trauma in ATLS?** Trauma is a consequence of harmful behavior that is planned or unplanned. Injury prevention starts with addressing these behaviors. Goals of trauma patient management. Identify and treat threats to life, then limb, and then eyesight. Prevent exacerbation of existing injuries or occurrence of additional injuries.

**What is the pass rate for the ATLS course?** The main analysis exhibited a significant difference (Fig. 1) in mean pass rates between the traditional (94.2% [92.2–96.3]) and modified (81.0% [74.8–87.3]) ATLS courses ( $t_{14.203} = 3.922$ ,  $p = 0.001$ ).

**What is the difference between ACLS and ATLS?** ATLS and ACLS are not the same. ATLS stands for Advanced Trauma Life Support. It teaches medical professionals how to treat life-threatening and limb-threatening injuries. Although both are designed for medical professionals, ATLS is directed towards helping trauma victims as quickly as possible.

**Is ATLS for nurses?** Advanced Trauma Care for Nurses (ATCN) is an advanced course designed for the registered nurse interested in increasing his/her knowledge in management of the multiple trauma patient. The ATCN course is taught concurrently with the American College of Surgeons (ACS) Advanced Trauma Life Support® (ATLS).

**What is the passing score for the ATLS exam?** The written posttest is a 40 MCQ examination that assesses test taker's medical knowledge of ATLS concepts and must be passed with a minimum 75% score.

**Is ATLS only for doctors?** The ATLS course is designed for physicians who care for injured patients. Only physicians may be certified in ATLS.

**Can physician assistants teach ATLS?** Most PA and NP providers are comfortable teaching ATLS skills.

**Where is the needle decompression for ATLS?** Therefore, when the above mentioned technique fails to deflate the air, the 5th intercostals space at the mid-axillary line would be a proper anatomic site for inserting a catheter or needle, regarding the fact that in over 90% of human adults the chest wall thickness in this site is less than 3.5cm, leading to higher ...

**How do you treat a pneumothorax in ATLS?** Chest wound that bubbles / sucks with each inspiration and signs of an associated simple pneumothorax. Treatment: Treatment is with an occlusive dressing secured on 3 sides over the wound which allows air to escape from the pleural space, but prevents air being sucked in from the room. Followed by a chest drain.

**What is finger thoracostomy in ATLS?** Finger thoracostomy is an alternative pleural decompression technique recently introduced to the prehospital setting [33,36]. Since a finger has to enter the pleural space, finger thoracostomy may have a better chance of pleural decompression with less risk of lung injury compared with needle thoracostomy.

**How many questions is the basic life support exam?** The BLS Certification Exam requires a passing score of 80% and must be passed before receiving a Certification. There are 25 exam questions, and you will have unlimited time to complete the exam.

**How many questions are on the ATI adaptive quiz?** Receive easier — or more challenging — questions depending on your answers to prior questions. Just like the NCLEX, you will receive a minimum of 85 questions up to a maximum of 150 questions.

**How many questions are on the SAFe Agile exam?** SAFe Agilist Exam consists of 45 questions to be answered in 90 minutes and to pass the exam you need a minimum of 34 questions to be answered correctly. You need thorough preparation and you need to follow expert guidance from the person who has already cleared the exam.
