How to build a billion dollar app summary? How to Build a Billion Dollar App guides you from the very beginning when you have nothing but a vague business plan scribbled on the back of an envelope, through the nuts and bolts of developing and launching an app and raising the money to grow your business, right up to the point at which you are juggling the ...

How to build a billion dollar app on Goodreads? If you are developing a mobile or TV app, you should read this book. George covers the key steps he used to help develop the Hailo European taxi cab mobile app idea into a billion dollar app. You discover key things to try during app development and how to learn and adapt to use in your app.

How much do app ideas sell for? 1) How Much Is an App Idea Worth? The worth of an app idea solely depends on the execution done on your app idea. If you don't act upon the app idea, the value is \$0, but if you gather a team and work towards making it a reality, it can even reach a million-dollar value, e.g. Angry Birds, Tinder, Uber, etc.

Can you sell an app for millions? Google, Facebook, and Apple invested heavily in working products. You can find tons of other cases online when tech companies bought working projects. These are real precedents, and if you want to receive several million or billions of US dollars for your app, you'll need to work hard.

Is Goodreads owned by Jeff Bezos? Goodreads, which was acquired by Amazon in 2013, is one of the most popular book review apps. (Amazon founder Jeff Bezos owns The Washington Post.)

Do people get paid on Goodreads? Reviewers on Goodreads are not paid for their reviews.

How do you build a \$1 billion startup?
