World Investment Report 2017: UNCTAD Home

What is the World Investment Report 2017: UNCTAD Home?

The World Investment Report (WIR) 2017 is an annual publication by the United Nations Conference on Trade and Development (UNCTAD). It provides an in-depth analysis of global investment trends and policies. This edition focuses on the theme of "Investing in Sustainable Development: Innovation and Partnership".

What are the key findings of the WIR 2017?

The report found that global foreign direct investment (FDI) flows reached a record high of \$1.75 trillion in 2016, a 3.3% increase over 2015. However, it also highlighted concerns about the sustainability of these investments.

Why is sustainability important for investment?

Sustainable investments are those that contribute to economic growth while also protecting the environment and promoting social well-being. They are essential for achieving the Sustainable Development Goals (SDGs), which are the world's blueprint for a better future.

What role can innovation and partnership play in promoting sustainable investment?

Innovation can drive the development of new technologies and solutions that address sustainability challenges. Partnerships between governments, businesses, and civil society can mobilize resources and expertise to scale up sustainable investments.

How can I access the World Investment Report 2017: UNCTAD Home?

The report is available for download on the UNCTAD website:
<https://unctad.org/en/Pages/DIAE/Transnational-Corporations/Investment-Trends/WIR2017.aspx>
