**Are the Outlander books finished?** A comprehensive guide to everything we know so far about the 10th and final book in the 'Outlander' series by Diana Gabaldon. Author Diana Gabaldon has been working on her 10th and final "Outlander" book since 2021. It does not have a release date, but Gabaldon has predicted it will come out between 2024 and 2026.

**Is there another Outlander book after Go Tell the Bee?** Book Ten (as yet untitled) will be the tenth major novel in my Outlander series of novels. It will follow GO TELL THE BEES THAT I AM GONE, the ninth major novel featuring the story of Claire and Jamie, which was first published on November 23, 2021.

**How many Outlander books are there in order?** Gabaldon began the first volume of the series, Outlander, in the late 1980s, and it was published in 1991. She has published nine out of a planned ten volumes. The ninth novel in the series, Go Tell the Bees That I Am Gone, was released on November 23, 2021.

**In what order should the Outlander books be read?**

**How old is Jamie when he dies in Outlander?** As revealed in a 2014 interview on the Outlander Podcast, Diana Gabaldon shared that Jamie is approximately 25 years old when he passes away, corresponding to the age of the ghost. Despite Jamie's

numerous brushes with death throughout the series, his ultimate fate is a significant aspect of the Outlander narrative.

**Will Outlander end with season 8?** Outlander fans may be eagerly awaiting Part 2 of the show's ongoing seventh season, but already the series is in the middle of putting together its eighth and final season at Starz.

**Why is Jamie's Ghost watching Claire?**

**Does Jamie ever go to the future?** Meanwhile Jamie himself is not able to time travel, a fact which has prompted much of the show's most heartbreaking drama. (When Frank briefly sees Jamie in the 1940s? That, according to Gabaldon, is his ghost, not his time-traveling corporeal self.)

**What happens to Claire and Jamie at the end of Outlander?** Back in Scotland, Claire is pregnant, and Jamie is certain he will perish in the Battle of Culloden. In an act of true love, Jamie insists that Claire returns to her time period for herself and their child. After an emotional goodbye, Jamie guides Claire's hands to the standing stone, and they are separated.

**What is book 8 of Outlander called?** Written in My Own Heart's Blood is the eighth book in the Outlander series of novels by Diana Gabaldon. Centered on time travelling 20th century doctor Claire Randall and her 18th century Scottish Highlander warrior husband Jamie Fraser, the books contain elements of historical fiction, romance, adventure and fantasy.

**Is Outlander spicy?** Children are harmed, though it's not graphic or happens behind the scenes. Suicide is also mentioned. There are times when one person declines sexual advances yet the second is insistent, and so they get it on anyway. This may be unsettling for some; others may view the way it plays out as spicy and romantic.

**What else has Diana Gabaldon written?**

**Will Outlander book 10 be the last?** Gabaldon previously confirmed to T&C that the 10th book will most likely be the end of Jamie and Claire's story—but it won't be her final text in the extended Outlander universe.

**What is the age difference between Claire and Jamie in the Outlander books?**

The story of "Outlander" starts in 1743. Claire is 27 years old when she travels back in time. She is approximately five years older than Jamie who is about 22 years old at the beginning of the story.

**Do the Outlander books end?** The writer began the time-travel romantic drama all the way back in 1991, and the upcoming 10th novel will be the finale, at least in terms of main characters Jamie and Claire Fraser's storyline.

**Does Jamie go to the future?** Meanwhile Jamie himself is not able to time travel, a fact which has prompted much of the show's most heartbreaking drama. (When Frank briefly sees Jamie in the 1940s? That, according to Gabaldon, is his ghost, not his time-traveling corporeal self.)

**Is there an end to Outlander series?** Season eight will be the show's final season. We're thrilled to continue to partner with Matthew, Maril and Ronald and can't wait to see where their alluring storytelling takes us next." (The 26 new episodes refer to the 16 slated for season seven, and ten more for season eight.)

**What happens to Claire and Jamie at the end of Outlander?** Back in Scotland, Claire is pregnant, and Jamie is certain he will perish in the Battle of Culloden. In an act of true love, Jamie insists that Claire returns to her time period for herself and their child. After an emotional goodbye, Jamie guides Claire's hands to the standing stone, and they are separated.
