What does the anchor holds mean in the Bible? He's got an anchor that holds firm in the storm, and I think he might have got his idea from a verse in the Bible that tells us that believers in Jesus have an anchor for a soul that's firm and secure. That's Hebrews 6:19. Faith is the belief we have in God and that confidence we can approach and talk to God any time.

Nothing can separate us from the love of Christ because nothing can un-anchor him from us, or us from him. No storms of sin, no gales of guilt, no floods of fear. We may be tossed about, but our anchor holds.

What is a structured and semi-structured interview? The four most common types of interviews are: Structured interviews: The questions are predetermined in both topic and order.
