The Visit: A Play by Friedrich Dürrenmatt

1. What is the premise of the play "The Visit"? "The Visit" centers around a wealthy widow, Claire Zachanassian, who returns to her impoverished hometown of Güllen after 45 years of absence. She offers the townspeople a generous sum of money in exchange for the execution of Alfred III, the man who abandoned her, leading to the birth of her illegitimate child who subsequently died.

2. Who are the main characters in the play?

- **Claire Zachanassian:** The wealthy widow who seeks revenge against her former lover.
- **Alfred III:** The town's mayor and Claire's former lover who is accused of her child's death.
- **The Teacher:** A respected figure in the town who initially opposes Claire's plan but eventually supports it.
- **The Grocer:** A businessman who is tempted by Claire's offer and instigates the town's betrayal of III.

3. What is the significance of the town's reaction to Claire's offer? The town's willingness to sacrifice one of their own for financial gain reveals their moral decay

and greed. As the money takes hold, their values slowly erode, leading to their ultimate corruption. The play explores the dark side of human nature and the destructive power of revenge.

4. How does the play explore the themes of justice and morality? "The Visit" raises questions about the nature of justice and the limits of morality. Claire's quest for revenge challenges the town's sense of right and wrong. The play prompts the audience to consider the moral implications of sacrificing one person for the greater good and the consequences of allowing vengeance to consume us.

5. What is the overall message of the play? Dürrenmatt's play serves as a cautionary tale about the corrupting influence of wealth and the fragility of human morality. It suggests that the pursuit of revenge can ultimately destroy those who seek it, and that true justice lies in holding ourselves to a higher ethical standard.
