### **World History Unit 3: The Industrial Revolution**

**Q1. What were the major technological advancements that sparked the Industrial Revolution?**

A1. The Industrial Revolution was fueled by advancements in steam power, textile machinery, and iron and steel production. These advancements enabled the creation of factories and mass production, transforming how goods were produced.

**Q2. How did the Industrial Revolution impact society?**

A2. The Industrial Revolution led to significant urbanization as people migrated to cities in search of factory jobs. It also created new social classes, separating the wealthy factory owners from the working class. Additionally, the Industrial Revolution introduced mass consumerism and led to increased economic growth.

**Q3. What were the negative consequences of the Industrial Revolution?**

A3. Along with its benefits, the Industrial Revolution brought about negative consequences. Pollution and environmental degradation increased as factories emitted harmful chemicals into the air and water. Additionally, child labor and unsafe working conditions were common, leading to widespread poverty and social unrest.

**Q4. How did the Industrial Revolution spread throughout the world?**

A4. The Industrial Revolution spread from Britain to other European countries, the United States, and eventually the rest of the world. This spread was facilitated by colonialism, as European powers established industrialized factories in their colonies. The development of transportation networks also played a key role in the diffusion of industrial technology.

#### **Q5. What are the legacies of the Industrial Revolution?**

A5. The legacies of the Industrial Revolution are far-reaching. It laid the foundation for the modern industrialized world and shaped our economic, social, and environmental systems. The technological advancements and mass production techniques developed during this period continue to impact our daily lives. However, the negative consequences of the Industrial Revolution, such as pollution and social inequality, remain challenges that we must address.
