When was Global Health 101 published?

When did World Health Organisation start? Founded in 1948, WHO is the United Nations agency that connects nations, partners and people to promote health, keep the world safe and serve the vulnerable – so everyone, everywhere can attain the highest level of health.

WHO defines health in 2024? The preamble to WHO's constitution provides a definition of health: "Health is a state of complete physical, mental and social well-being and not merely the absence of disease or infirmity."

WHO owns the World Health Organization?

WHO is the CEO of WHO? Tedros Adhanom Ghebreyesus - Wikipedia.

How old is World Health Organization? The WHO was established on April 7, 1948, and formally began its work on September 1, 1948. It incorporated the assets, personnel, and duties of the League of Nations' Health Organization and the Paris-based Office International d'Hygiène Publique, including the International Classification of Diseases (ICD).

What is the purpose of the WHO? WHO works worldwide to promote health, keep the world safe, and serve the vulnerable. Our goal is to ensure that a billion more people have universal health coverage, to protect a billion more people from health emergencies, and provide a further billion people with better health and well-being.

WHO theme 2024? This underpins the fact that at least 4.5 billion people — more than half of the world's population — were not fully covered by essential health services in 2021. To address these types of challenges, the theme for World Health Day 2024 is 'My health, my right'.

How many member countries are in WHO? Our structure. WHO is an organization of 194 Member States.
