What is the main idea of the story? The main idea of a story is the central point or big picture concept that the reader should walk away with. One of the best ways to determine the main idea is to identify things that are not the main idea. The main idea is not detailed; it's a concept that encompasses the entire book.

What is the main message of the story? A story's message, or theme, is what the author wants to teach you through his or her writing. Some stories have a specific kind of message called a moral, or a life lesson. You can find the message of a story by looking at the characters' actions and focusing on what is repeated throughout the story.

What is the theme of the story? A story's theme is the message woven throughout it, often about important topics such as human nature, life, or society. It is deeper than the plot or summary and it can answer questions such as "What does it mean to be a family?" or "What are we afraid of?".

What is the central idea of the play? The central idea, also called the main idea, is a brief, overall summary of what the entire story is about. Typically, we explain the central idea in one sentence. The central idea is different from the theme and the message.

What is the main plot in the play? A plot is a sequence of events within a play that tells a story. Essentially, a plot is what makes a story. Five components make up a plot: exposition, rising action, climax, falling action, and resolution--conflict and theme help drive the plot forward.

What is the main point of the theme? The main idea is what the book is mostly about. The theme is the message, lesson, or moral of a book. By asking crucial questions at before you read, while you read, and after you read a book, you can determine the main idea and theme of any book you are reading!

Is Alan Turing a genius? God help us if a machine gets built which on the Turing Test matches us for inhumanity. He died at the height of his powers, as mathematician, code breaker, biologist—and above all as the originator of digital computers and of computational accounts of mind. His genius lives on forever in mindful machines.

Did Alan Turing love his wife? In early 1941, Turing proposed marriage to Clarke, and subsequently introduced her to his family. Although he privately admitted his homosexuality to her, she was reportedly unfazed by the revelation. Turing decided that he could not go through with the marriage, and broke up with Clarke in mid-1941.

What is Alan Turing's philosophy? My own interpretation of Turing's philosophical work, supported by this passage, is that he held a scientific view: he believed that computers would eventually be able to accomplish all of the mental tasks that people could, as expressed in natural language.

Was Alan a good painter? Alan Trevor, Hughie's friend, is a talented painter. Somewhat odd-looking and crude-mannered, Alan nevertheless earns both respect and substantial fees for his masterful paintings.

What is Alan Wake's story? The story follows bestselling crime thriller novelist Alan Wake as he tries to uncover the mystery behind his wife's disappearance during a vacation in the small fictional town of Bright Falls, Washington, all while experiencing events from the plot of his latest novel, which he cannot remember writing, coming to life.

What does paragraph 4 reveal about Alan? Alan Trevor is a close friend of Hughie, the main character, whom he liked at first "on account of his personal charm." Later, however, when they got to know each other better, Alan started liking Hughie "for his bright buoyant spirits and his generous reckless nature," which earned him the right to enter Alan's studio ...
