Summary Writing Exercises with Answers PDF

Introduction

Summary writing is a crucial skill for students, researchers, and professionals alike. It involves effectively condensing a text into a shorter version while retaining its key points. This article provides a set of summary writing exercises with answers in PDF format for WordPress, offering an interactive and convenient way to practice this skill.

Question 1:

Read the following passage and summarize it in 100 words or less.

The Industrial Revolution began in Great Britain in the late 1700s. It was a period of rapid technological advancement that led to the mechanization of industries. The invention of the steam engine, the spinning jenny, and other machines transformed production and transportation. As a result, factories sprang up, cities grew, and the way people lived and worked changed dramatically.

Answer:

In the late 1700s, the Industrial Revolution took hold in Great Britain. Driven by technological breakthroughs like the steam engine, this era witnessed the mechanization of industries, the rise of factories, and a significant transformation in society as people embraced new ways of living and working.

Question 2:

Summarize the following text in 150 words.

The Great Depression began in the United States in 1929 with the stock market crash. It was a severe worldwide economic crisis that lasted for a decade.

Production, investment, and trade plummeted, leading to widespread unemployment, poverty, and social unrest. Governments struggled to respond effectively, and the crisis had lasting effects on the global economic system.

Answer:

The Great Depression, originating with the 1929 stock market crash in the United States, was a protracted global economic catastrophe that spanned a decade. It brought economic activities to a standstill, causing mass unemployment, impoverishment, and societal turmoil. Governments' response proved inadequate, and the crisis left an indelible mark on the international economic landscape.

Question 3:

Write a summary of the following article in 200 words.

<https://www.ncbi.nlm.nih.gov/pmc/articles/PMC6146525/>

Answer:

The article explores the impact of climate change on global health. It highlights the increasing prevalence of extreme weather events, such as heatwaves, droughts, and floods, which can lead to heat-related illnesses, respiratory problems, and waterborne diseases. The article also discusses the potential for climate change to affect mental health, food security, and access to clean water.

Question 4:

Summarize the following blog post in 250 words.

<https://www.psychologytoday.com/us/blog/the-athletes-way/202302/10-essential-habits-resilient-mind>

Answer:

The blog post identifies ten essential habits for cultivating a resilient mindset. These habits include practicing self-awareness, embracing a positive attitude, building strong relationships, managing stress effectively, and engaging in regular physical activity. The article emphasizes the importance of self-care, seeking support when

FIFTY MILES FROM TOMORROW A MEMOIR OF ALASKA AND THE REAL PEOPLE PAPERBACK

needed, and developing a growth mindset that embraces challenges as opportunities for growth.

Question 5:

Write a summary of the following book in 300 words.

Book: "Sapiens: A Brief History of Humankind" by Yuval Noah Harari

Answer:

"Sapiens" is a comprehensive history of the human species that traces our evolution from prehistoric times to the present day. Harari explores the cognitive and behavioral traits that have allowed us to dominate the planet, such as language, cooperation, and imagination. The book discusses the rise of agriculture, the development of civilizations, and the emergence of modern society. Harari also examines the challenges facing humanity in the 21st century, including climate change, inequality, and the potential of artificial intelligence.
