## [Download Complete File](#)

### **What Do You Call a Rattlesnake on a Cold and Blustery Day?**

**Question:** What do you call a rattlesnake on a cold and blustery day?

**Answer:** A no-show!

**Explanation:** Rattlesnakes are cold-blooded reptiles and rely on external sources to regulate their body temperature. When it gets too cold, they will typically seek shelter in dens or burrows to conserve heat. They become less active in colder temperatures and are less likely to come out to hunt or bask.

**Question:** Why are rattlesnakes less active in cold weather?

**Answer:** Rattlesnakes have a slow metabolism, and their digestive system slows down in colder temperatures. This means they require less food and can survive longer periods without eating. Additionally, cold weather can make them more sluggish and less able to hunt effectively.

**Question:** Can rattlesnakes still bite in cold weather?

**Answer:** Yes, rattlesnakes can still bite in cold weather, but it is less common. They are more likely to bite if they are provoked or feel threatened. However, their venom is less potent in cold temperatures due to a decrease in their metabolic rate.

**Question:** What should you do if you encounter a rattlesnake on a cold day?

**Answer:** If you encounter a rattlesnake on a cold day, the best thing to do is to leave it alone. Give it plenty of space and do not approach it. If the snake is in an area where it poses a safety hazard, contact an appropriate wildlife authority for assistance.

**Conclusion:** While rattlesnakes are less active in cold weather, they can still be dangerous if encountered. It is important to be aware of their potential presence and to take appropriate precautions when hiking or exploring in areas where they may be present.

### **The Mayor of Casterbridge: A Literary Masterpiece by Thomas Hardy**

**Question 1: Who is the Mayor of Casterbridge?** Answer: Michael Henchard, a tragic hero who ascends to prominence but is eventually consumed by his past mistakes.

**Question 2: What is the novel's central conflict?** Answer: Henchard's struggle against the consequences of his actions, both from his ill-fated marriage and a rash decision made on a drunken night.

**Question 3: What is the social commentary prevalent in the novel?** Answer: Hardy explores themes of class, fate, and the destructive nature of pride through the downfall of Henchard, a self-made man who is ultimately undone by his own flaws.

**Question 4: How does the setting of Casterbridge contribute to the story?** Answer: The fictional town of Casterbridge serves as a microcosm of human society, with its bustling streets, rivalries, and hidden secrets. The town's economic prosperity and social hierarchy mirror the social dynamics and conflicts that shape the characters' lives.

**Question 5: What is the novel's enduring legacy?** Answer: "The Mayor of Casterbridge" is considered a classic of English literature and a masterpiece of Victorian realism. Hardy's exploration of human suffering, moral dilemmas, and the complexities of character continues to resonate with readers today, solidifying the novel's place as a timeless and significant work of art.

**What is the anthropology perspective on witchcraft?** Anthropology's assumptions Using inherited, Christian terminology, anthropologists used terms such as “witchcraft” to describe examples of ritual practices, or what today scholars sometimes call “expressive actions,” that were meant to accomplish more than their immediate physical results in the material world.

**What is the concept of magic in anthropology?** Anthropologists identify three main types of instrumental magic: the productive, the protective, and the destructive. Productive magic is employed to solicit a successful outcome from human labour or nature, such as bountiful hunt or harvest or good weather.

**Why do many anthropologists today consider magic to be part of religion?** Most cultures of the world have religious beliefs that supernatural powers can be compelled, or at least influenced, to act in certain ways for good or evil purposes by using ritual formulas. These formulas are, in a sense, magic.

**What is anthropology of the supernatural?** Anthropologists examine a supernatural belief system for the part it plays in society and for practitioners. For instance, anthropologists trace the earliest religious beliefs to sites in which the dead are deliberately buried.

**What is the dark side of anthropology?** I call this the rise of “dark anthropology”: that is, anthropology that emphasizes the harsh and brutal dimensions of human experience, and the structural and historical conditions that produce them.

**What is the study of witchcraft called?** Wicca has been cited as the largest, best known, most influential, and most academically studied form of modern Paganism. Within the movement, it has been identified as sitting on the eclectic end of the eclectic to reconstructionist spectrum.

**What are the three phases of magic?** First comes The Pledge: The magician shows you something relatively ordinary, like a dove. Second is The Turn: The magician takes the dove and makes it do something extraordinary, like disappear. Finally, there's The Prestige: The magician tops that disappearance and makes the dove reappear.

**What is the theory behind magic?** According to theories of anxiety relief and control, people turn to magical beliefs when there exists a sense of uncertainty and potential danger and little to do about it. Magic is used to restore a sense of control.

**What are the two principles of magic?** The text begins with Frazer's classical definition of "magic" that distinguishes two main principles – namely, the Law of Similarity and the Law of Contagion: "From the first of these principles [...] the magician infers that he can produce any effect he desires merely by imitating it; from the second he infers that ...

**What are the two types of magic?** High magic, also known as theurgy and ceremonial or ritual magic, is more complex, involving lengthy and detailed rituals as well as sophisticated, sometimes expensive, paraphernalia. Low magic and natural magic are associated with peasants and folklore with simpler rituals such as brief, spoken spells.

**What is the relationship between religion and magic?** Similarities Between Religion and Magic In both religion and magic, there is complete faith in getting the help of supernatural power. Both of them are prayed to get the help of this power. 2. Both of them are inspired by the mystery of creation.

**What culture did magic originate from?** The Western conception of magic is rooted in the ancient Judeo-Christian and Greco-Roman heritage.

**What are the four types of supernatural beings?** Therefore, the correct correspondence for the four types of supernatural beings would most commonly be the elemental forces: earth, air, fire, and water, though this may vary depending on cultural context.

**What are supernatural beings called?** A spirit is a supernatural being, often but not exclusively a non-physical entity; such as a ghost, fairy, jinn or angel.

**What is a belief in the supernatural called?** supernaturalism, a belief in an otherworldly realm or reality that, in one way or another, is commonly associated with all forms of religion.

**How would most anthropologists describe the function of beliefs about witchcraft?** Explanation: Most anthropologists describe the function of beliefs about witchcraft as a method of social control used to punish nonconformists. It serves as a tool to enforce societal norms and maintain order within a community.

**When an anthropologist talks about magic What do they mean?** Anthropologists consider magic an aspect of religio-cultural systems, studying its various forms, meanings, and influences across different societies.

**What is the anthropological definition of sorcery?** As typically used in the anthropological literature, sorcery is a pragmatic, conscious practice, involving acts of magic and leading to personal power for the practitioner.

**What is the main perspective of anthropology?** The key anthropological perspectives are holism, relativism, comparison, and fieldwork. There are also both scientific and humanistic tendencies within the discipline that, at times, conflict with one another.

## **Workbook 4 ESO Oxford English Plus: Solucionario**

### **Unit 1**

#### **1. Read the text and answer the questions.**

a) What does the text say about the future of smartphones? b) What is the main difference between smartphones today and those of the past?

**Answer:** a) The text says that the future of smartphones will include improvements in artificial intelligence, augmented reality, and virtual reality. b) The main difference between smartphones today and those of the past is that today's smartphones have more advanced capabilities, such as artificial intelligence and augmented reality, that make them more useful and versatile.

### **Unit 2**

#### **2. Complete the sentences with the correct form of the verb in brackets.**

a) If I (have) a lot of money, I (buy) a new car. b) If I (not study) for the test, I (fail).

---

WHAT DO YOU CALL A RATTLESNAKE ON COLD AND BLUSTERY DAY

**Answer:** a) If I had a lot of money, I would buy a new car. b) If I didn't study for the test, I would fail.

### Unit 3

#### 3. Read the text and circle the correct option.

a) The news article is about:

- A new scientific discovery
- A new technology product
- A new social trend

b) The discovery that the article is about is:

- A new way to communicate
- A new way to generate energy
- A new way to treat diseases

**Answer:** a) A new scientific discovery b) A new way to treat diseases

### Unit 4

#### 4. Translate the following sentences into English.

a) La película fue muy aburrida. b) Me gustaría ir a la playa.

**Answer:** a) The movie was very boring. b) I would like to go to the beach.

### Unit 5

#### 5. Write a paragraph about your favorite hobby.

**Answer:** My favorite hobby is playing the guitar. I started playing when I was 10 years old, and I have been playing for 5 years now. I love the feeling of being able to create something beautiful with my own two hands. I also enjoy the challenge of learning new songs and techniques. I even started a band with my friends, and we play at local festivals and events. Playing the guitar is a great way for me to relax

and express myself.
