Q: What is the anointing?

- Stay in communion with God through prayer and Bible study
- Follow the Holy Spirit's guidance
- Walk in obedience to God's Word
- Surrender our own will and desires to God's will
- Avoid sin and worldliness

Q: How can we use the anointing in our lives?

Paragraph 2:

Question: How do you create an optional property using OptionalOre?

Answer: To create an optional property, use the `@Optional` annotation on the field and specify the default value. For example:

```
@Optional(defaultValue = 0)
private int count = 0;
```

Paragraph 3:

Question: How do you get and set values for optional properties?
