What was the test in Maze Runner? They had been testing the "subjects" when they were very young, before the Maze Trials, to see if they were capable and strong enough to be sent up to the Maze. They consisted of Variables designed to provoke certain Killzone patterns which WICKED would then use to attempt to create a Cure for the Flare.

What are some questions about the Maze Runner?

What are the unanswered questions in the Maze Runner series?

What are the 3 rules in Maze Runner? The Glader society is built on three rules: 1) Do your part, 2) Never hurt another Glader and 3) Never go beyond the walls. The vocation of runner is the obvious exception to the third rule. Eventually the boy remembers his name is Thomas and, unlike some of the other boys, he has a fierce desire to escape the maze.

Why was Newt not immune? In the books, Newt got infected at some point in The Scorch Trials, most likely as they made their way through the city and were exposed to the Flare for the first time. So in the beginning of The Death Cure, he would have already had it for about a month, which is why he got worse so quickly.

Is Minho immune to the flare? Minho was also immune but the serum created by the tests done on him was unable to cure the girl for a prolonged period of time but Thomas was able to cure Brenda entirely during Movie 2 with a quick serum created in the make-shift camp.

Why is Teresa the only girl in the Maze? They are two different variables of a same experiment. It's all a big test. They did experiments on how they would all react; that is why they have group A all boys to see how they react to the Glade and Teresa and group B all girls to see how they react to the Glade and Aris.

Why did Thomas put himself in the Maze? Thomas risks his own life, entering into the Maze to save Alby and Minho. In contrast to Thomas's act of bravery, Minho leaves behind the two of them in order to save his own life. Like Thomas, Gally sacrifices himself on the night of the Grievers' first raid so that no one else would be killed.

What is The Maze Runner trying to tell us? The Maze Runner novel illustrates how some people need to repress traumatic memories in order to maintain hope and a sense of self, while others seek to uncover and learn from these memories in order to deal with the problems of the present.

Why did Teresa betray Thomas? In book 2, she couldn't stand the thought of Thomas feeling betrayed without warning, so she tries really hard to warn him. And then basically kills their friendship to save his life.

What does the glade symbolize? With few memories to rely on and much to learn about his new life, Thomas quickly realizes that the Glade symbolizes safety. This area within the walls features order, rules, and roles all designed to keep the community members safe.

Who almost died in The Maze Runner? 1. First, while filming Maze Runner: The Death Cure (2018), Dylan O'Brien was hit by a car during a stunt and suffered multiple injuries. Dylan said that his accident "completely rewired" how he felt about being on set, and there was a time when he thought he'd never step foot on a set again.

What rule did Thomas break in Maze Runner? Thomas has broken the Glade's number one rule: No one but the Runners are allowed into the Maze. In a society that relies on order and trust, rule-breaking requires punishment if trust is ever to be gained.

What is the message behind The Maze Runner? The result of the research was there were some educational values in the "Maze Runner" novel found, it was never given up, self-confidence, friendly and be polite, love, forgiveness, optimism, help each other and responsible as a human society. And the most occurred was never give up and optimism.

How does Gally survive? They discovered that Gally was immune to the Flare virus and decided to bring him to the Last City to help nurse him back to full health from the Griever sting and being stabbed by Minho. The ultimate reveal that Gally did not die in The Maze Runner was briefly set up in the original movie.

Why is Thomas blood the cure? In short: Thomas's blood became the cure precisely because of all the Trials he faced. To understand this, pay attention to: The Death Cure movie. As it turns out the Trials did work and there was, in fact, a cure for the Flare (in movieverse, anyway), but it hadn't always been there, it had to be achieved.

Is Newt alive in Maze Runner 4? After returning to Denver, Thomas sees that Newt has succumbed to the Flare. Thomas answers Newt's pleas by shooting him in the head as an act of mercy. The group then discovers that Teresa and the other Immunes have been captured.

Was Teresa immune? She is the first of the four to succumb to the Flare virus. Deedee / Teresa: A 5-year-old girl whom Mark, Alec, Trina, and Lana, find in a deserted neighboring village. She is immune to the Flare virus, a status which is demonized by her fellow villagers.

Was Gally immune to the flare? Sometime after being left behind in the WCKD lab by the Gladers, Gally is found still lying on the floor with the spear still in his chest by a crew, who, after discovering that he is immune to the Flare, pull the spear out of his chest and take him to the Last City to meet their leader, a Crank named Lawrence, who ...

Why does WICKED want Thomas? WICKED feels the only way to get the last information they need to create a cure is to dissect Thomas' brain while he's still alive. The procedure, of course, will kill him, but his sacrifice will save the human race. His agreement is no longer an option. They will do the operation whether he wants it or not.

Why did Thomas create the Maze? Thomas tells the Keepers that he and Teresa were manipulated into designing the Maze because they share the gift of telepathy. He convinces the others that he and Teresa are now in as much danger as them, but he knows the way out. Thomas tells them in order to escape, they have to jump through the Griever Hole.

Why were they being tested in maze Runner? WCKD's plan was to test individuals who were immune to the virus and try to find a cure based on their unique or different brain activity.

What is the purpose of the maze test? Maze is a standardized measure of reading comprehension. The purpose of a maze procedure is to measure the reasoning processes that constitute comprehension.

What is wicked testing for in maze Runner? All the boys who were sent into the Maze were part of an experiment done by WCKD. The experiment was to see how their brains reacted under different stimuli and in different situations or when exposed to different “variables” as WCKD put it.

What is the maze comprehension test? MAZE is a group-administered measure used as a benchmark assessment for upper grade students in reading. The passage begins with a complete sentence. For every remaining sentence, the 7th word is replaced with a word choice. The word choice is composed of 3 words: one correct choice and 2 distracters.
