

# LANGUAGE TEACHING METHODOLOGY BY DAVID NUNAN

## [Download Complete File](#)

**What is the communicative approach given by Nunan?** It is more of an approach or philosophy than a highly structured methodology. David Nunan famously listed five key elements to the communicative approach: An emphasis on learning to communicate through interaction in the target language. The introduction of authentic texts into the learning situation.

**What method is used for communicative approach?** Communicative language teaching strategies focus on promoting interaction, fluency, and real-life communication. These include role plays, group discussions, problem-solving tasks, and information gap activities that allow learners to practice and improve their functional language skills in authentic contexts.

**What is speaking according to Nunan?** Nunan stated that speaking is the productive aural/oral skill. It consists of producing systematic verbal utterances to convey meaning. 1. Moreover, Longman stated that speaking is defined as to be able to talk in a particular language.

**What are Communicative Language Teaching method techniques?** There are some learning and teaching techniques that can be used in Communicative Language Teaching class, for example, role play, information gap, language exchanges, simulation, discussion, game, pair work and group work. All these techniques can engage the learners in communication process.

**What are the 5 methods of teaching?**

**Why is CLT an approach not a method?** As an approach, rather than a methodology, there is no one specific method that is authoritative in utilizing CLT in the language learning classroom. Instead, CLT encompasses many different methods and materials as appropriate to the context of the target language.

**What is the teaching approach for speaking?** The strategies used in teaching speaking that propose by several experts are the activities such role play, drilling, games, picture describing, and storytelling. Role plays are activities where students are asked to pretend to be in a setting of social contexts and various social roles (Harmer, 2001; Thornbury, 2002).

**What are the 7 principles for teaching speaking skills?** Brown (1994:268-270) considers seven principles for teaching speaking; Focus on both fluency and accuracy, provide intrinsically motivating techniques, encourage the use of authentic language, provide appropriate feedback and correction, capitalize on the natural link between speaking and listening, give students ...

**What is the speaking method?** There are four basic methods or styles of presenting a speech: manuscript, memorized, extemporaneous, and impromptu. Each style will work well for differing speaking contexts.

## **Zone van de Naaste Ontwikkeling: Wikipedia**

### **Paragraaf 1**

De Zone van de Naaste Ontwikkeling (ZNO) is een concept bedacht door Lev Vygotsky, een Russische psycholoog. Het verwijst naar het bereik van taken dat een persoon bijna onafhankelijk kan uitvoeren met begeleiding en ondersteuning. Dit valt tussen de zone van actuele ontwikkeling (wat een persoon zelfstandig kan doen) en de zone van potentiële ontwikkeling (wat een persoon met hulp kan doen).

### **Paragraaf 2**

De ZNO is een dynamisch gebied dat continu verandert als een individu leert en groeit. Het wordt beïnvloed door factoren als:

- Huidige vaardigheden en kennis

- Cognitieve capaciteiten
- Niveau van begeleiding en ondersteuning

### **Paragraaf 3**

In de ZNO kunnen individuen taken uitvoeren die ze nog niet volledig beheersen, maar die ze met de juiste hulp wel aankunnen. Dit stimuleert cognitieve groei en ontwikkeling. Vygotsky noemde degene die begeleiding biedt de "meer capabele ander", zoals een leraar, ouder of vriend.

### **Paragraaf 4**

De ZNO is belangrijk voor onderwijs en opvoeding, omdat het benadrukt dat leren een sociaal proces is. Studenten kunnen verder gaan in hun ontwikkeling met de hulp van meer capabele anderen, die hen steunen en uitdagen om hun grenzen op te zoeken.

### **Paragraaf 5**

**Vraag:** Wat is de rol van de "meer capabele ander" in de ZNO? **Antwoord:** De "meer capabele ander" biedt begeleiding, ondersteuning en uitdaging om individuen te helpen taken uit te voeren die ze nog niet volledig beheersen.

**Vraag:** Hoe kan de ZNO het onderwijs verbeteren? **Antwoord:** De ZNO benadrukt dat leren een sociaal proces is en dat studenten verder kunnen gaan in hun ontwikkeling met de hulp van meer capabele anderen.

## **System Inspectors NABCEP: Frequently Asked Questions and Answers**

### **What is the purpose of system inspectors NABCEP?**

The North American Board of Certified Energy Practitioners (NABCEP) is a non-profit organization that certifies photovoltaic (PV) system inspectors. NABCEP's mission is to ensure that PV systems are installed safely and efficiently by qualified professionals. System inspectors NABCEP are responsible for inspecting PV systems to verify that they meet NABCEP's standards for safety and performance.

### **What are the benefits of hiring a system inspector NABCEP?**

There are many benefits to hiring a system inspector NABCEP. These benefits include:

- **Peace of mind:** Knowing that your PV system has been inspected by a qualified professional can give you peace of mind.
- **Increased safety:** A system inspector NABCEP will check for potential safety hazards, such as loose wires, improper grounding, and overloaded circuits.
- **Improved performance:** A system inspector NABCEP will make sure that your PV system is operating at peak efficiency.
- **Greater value:** A well-maintained PV system can last for many years, increasing its value to you.

### **What should I look for when hiring a system inspector NABCEP?**

When hiring a system inspector NABCEP, you should look for the following:

- **Experience:** Ask the inspector how many years of experience they have inspecting PV systems.
- **Credentials:** Make sure that the inspector is certified by NABCEP.
- **References:** Ask the inspector for references from previous clients.

### **How much does it cost to hire a system inspector NABCEP?**

The cost of hiring a system inspector NABCEP will vary depending on the size and complexity of your PV system. However, you can expect to pay between \$500 and \$1,000 for an inspection.

### **Conclusion**

Hiring a system inspector NABCEP is a wise investment that can protect your home, family, and finances. By ensuring that your PV system is properly inspected and maintained, you can enjoy the benefits of solar energy for many years to come.

### **The Triumph of Seeds: How Grains, Nuts, Kernels, Pulses, and Pips Conquered the Plant Kingdom and Shaped Human History**

---

**Question 1: What is a seed?** Answer: A seed is a small, dormant embryo surrounded by a protective coating. It contains the genetic material and nutrients necessary for the growth of a new plant.

**Question 2: Which group of plants produce seeds?** Answer: Seeds are produced by flowering plants, known as angiosperms. They evolved around 140 million years ago and became dominant in the plant kingdom due to their superior reproductive advantages.

**Question 3: How do seeds shape human history?** Answer: Domesticated grains, such as rice, wheat, and corn, formed the foundation of many human civilizations. They provided a reliable food source and allowed populations to thrive. Nuts, kernels, pulses, and pips also contribute to human nutrition and cultural traditions.

**Question 4: What are the advantages of seed dispersal?** Answer: Seeds evolved various dispersal mechanisms, such as wind, water, and animals. This allowed plants to spread their offspring over long distances, colonize new habitats, and escape competition with their parent plants.

**Question 5: How did the domestication of seeds improve human survival?** Answer: By selecting and breeding plants with desirable traits, humans adapted seeds to specific environments and nutritional needs. Domestication led to increased yields, reduced variability, and enhanced resistance to pests and diseases, ultimately bolstering food security and improving the quality of life for humans worldwide.
