## [Download Complete File](#)

**Comment gagner aux courses hippiques régulièrement ?**

**Comment gagner au tiercé à coup sûr ?**

**Comment bien parier aux courses hippiques ?** Plus les paris sur un cheval sont faibles, plus la cote de ce cheval est élevée, et plus les gains seront élevés (les joueurs seront moins nombreux à se partager les gains). Inversement, les chevaux les plus joués sont ceux qui ont les plus petites cotes et rapportent donc le moins.

**Comment gagner en quinté ?** Avoir les 3 premiers chevaux dans le désordre est suffisant pour gagner au Quinté+. Il existe en effet des rapports bonus dès que vous avez sur votre ticket les 3 ou les 4 premiers chevaux de l'arrivée, même sans avoir le bon ordre de l'arrivée.

**Quel jeu a le plus de chance de gagner au PMU ?** Quinté+ reste le pari le plus populaire chez les joueurs PMU car il affiche de plus gros gains potentiels que les autres courses, comme le e. Couplé, e. Trio ou e. Tiercé.

**Comment savoir si une course PMU sera difficile ?** En général, il sera plus simple de déchiffrer une course avec peu de partants qu'une course où les protagonistes sont nombreux : difficulté de trafic, faits de courses augmentés, y compris pour les favoris... Une course avec peu de partants au départ sera plus simple à lire, mais offrira moins de surprises à l'arrivée.

**Comment savoir si un cheval va gagner ?** Vous devez comprendre les cotes. Ils sont un moyen de mesurer la probabilité qu'un cheval remporte la course. Les cotes les plus faibles indiquent que le cheval a une forte probabilité de gagner tandis que les cotes les plus élevées indiquent que le cheval a une faible probabilité de gagner.

**Comment parier et gagner à coup sûr ?**

**Quel est le meilleur pronostiqueur de tiercé ?** L'Aubois Tony Gonzalez est une nouvelle fois champion de France des pronostiqueurs hippiques. C'est son quinzième titre. De plus, il est recordman de l'année 2018 avec un nombre de 186 tiercés soit plus de 50 % de réussite.

**Comment trouver les chevaux place au PMU ?** Dans un pari Placé, il n'est donc pas nécessaire de trouver les premiers chevaux dans l'ordre : il faut seulement qu'ils arrivent en tête du classement, quelle que soit leur position. Si la course comprend plus de 7 partants, il faut que le cheval joué à la Place arrive dans les 3 premiers.

**Quel est le meilleur site de pronostics hippiques ?** Meilleur pronostic PMU gagnant : le choix PMU.fr du jour et du lendemain. Sur notre site PMU.fr, c'est toute une équipe d'experts et journalistes d'Equidia, chaîne de télévision dédiée aux courses hippiques lancée en 1998 par PMU, qui vous donnent leurs pronostics.

**Comment faire pour gagner la course ?** N'augmentez pas brusquement la fréquence des séances et les distances parcourues. Deux séances par semaine permettent de maintenir un bon niveau d'endurance, trois séances permettent de progresser. Une augmentation de votre volume de travail de 15 % à 20 % d'une année sur l'autre est une bonne moyenne.

**Quelles astuces pour gagner aux courses de trot attelé ?** Pour ce faire, le jockey adopte la position du trot en équilibre : il prend continuellement appui sur ses étriers, ses fesses ne touchant pas la selle, de manière à libérer le dos du cheval afin que ce dernier puisse allonger ses foulées et gagner en vitesse pure.
