What is the difference between ordinary law and constitutional law in the UK? Unlike in the United States, where the constitution is the 'supreme law' the UK system has no clear concept of a 'higher law': there is no clear distinction between what is a constitutional law and what is a regular law.

Why doesn't the UK have a constitution? Another reason is practical: the UK's system of government is based on flexibility and adaptability, rather than rigid rules. The unwritten constitution allows for changes to be made over time in response to changing circumstances, without the need for a formal amendment process.

What is the longest constitution in the world? Answer. The Indian Constitution is the world's longest written constitution, with 146,385 words in its English-language version, whereas the Monaco Constitution is the world's shortest written constitution, with 3,814 words.
