### **Un, Deux, Trois, Nous Irons en Croix: A Mysterious Rhyme Explored**

The enigmatic phrase "un, deux, trois, nous irons en croix" has captivated the imaginations of generations. This cryptic saying, often associated with children's games, raises intriguing questions about its origins and meaning.

#### **What does the phrase mean?**

The most common interpretation suggests that the phrase describes children playing a game where they line up and then jump or hop over a cross-shaped object. The numbers "un, deux, trois" indicate the counting off for the start of the game.

#### **Where does the phrase come from?**

The exact origin of the phrase is unknown. However, it has been documented in French folklore for centuries. Similar phrases exist in other languages, such as "eeny, meeny, miny, moe" in English.

#### **What is the historical context of the phrase?**

Some historians believe that the phrase may have originated as a mnemonic for remembering the order of the four evangelists in the Bible: Matthew, Mark, Luke, and John. The cross in the phrase would represent the crucifix upon which Jesus was said to have died.

#### **Are there any other interpretations of the phrase?**

Beyond its literal meaning as a game, the phrase has also been interpreted symbolically. Some see it as a metaphor for the challenges and trials of life. Others suggest that it represents the cyclical nature of existence, as the cross symbolizes both suffering and redemption.

## **Conclusion**

The phrase "un, deux, trois, nous irons en croix" remains an enigma, with its origins and meaning still debated. Whether it is a simple children's rhyme, a religious mnemonic, or a profound metaphor, this enigmatic saying continues to captivate the human imagination.

## **Well-Designed: How to Use Empathy to Create Products People Love**

As the technology industry continues to evolve at a rapid pace, it's more important than ever for businesses to understand their users and develop products that meet their needs. Empathy is a key ingredient in this process, as it allows designers to put themselves in the shoes of their users and understand their motivations, pain points, and goals.

### **Q: What is empathy and why is it important in product design?**

**A:** Empathy is the ability to understand and share the feelings of others. In product design, empathy is essential for creating products that are user-friendly, intuitive, and enjoyable to use. When designers can empathize with their users, they can better understand their needs and create products that meet those needs.

### **Q: How can designers use empathy to create products people love?**

**A:** There are many ways that designers can use empathy to create products people love. One way is to conduct user research. This research can help designers to understand the users' needs, pain points, and goals. Designers can also use empathy mapping to create a visual representation of the user's experience. This map can help designers to identify areas where the user is struggling and where the product can be improved.

### **Q: What are some examples of products that have been designed with empathy?**

**A:** There are many examples of products that have been designed with empathy. One example is the iPhone. The iPhone was designed with the user in mind, and it is easy to use and intuitive. Another example is the Nest thermostat. The Nest thermostat is designed to be energy-efficient, and it is also easy to use.

### **Q: How can businesses benefit from using empathy in product design?**

**A:** Businesses can benefit from using empathy in product design in a number of ways. First, empathy can help businesses to create products that are more successful. Products that are designed with empathy are more likely to be user-friendly, intuitive, and enjoyable to use. This can lead to increased sales and customer satisfaction. Second, empathy can help businesses to build stronger relationships with their customers. When customers feel that a business understands their needs, they are more likely to be loyal to that business.

**Q: What are some resources that designers can use to learn more about empathy?**

**A:** There are a number of resources that designers can use to learn more about empathy. One resource is the book "Design for Emotion" by Aaron Walter. Another resource is the website "Empathy in Design" by Jon Kolko.

## **Wisconsin Quilt Shop Hop: Unforgettable Quilting Adventures**

### **What is the Wisconsin Quilt Shop Hop?**

The Wisconsin Quilt Shop Hop is an annual event that takes place over weekends in September. It features approximately 50 quilt shops across Wisconsin, showcasing the latest fabrics, patterns, and quilting supplies. Quilters from near and far embark on a self-guided road trip, visiting these shops to admire beautiful quilts, gather inspiration, and purchase exclusive items.

### **How does the Quilt Shop Hop work?**

Participants purchase a pass that includes a passport to visit all participating shops. Each shop offers a unique stamp for the passport, creating a memorable record of the journey. Quilters can choose to follow any route, hopping from shop to shop at their own pace and enjoying the scenic countryside along the way.

### **What makes the Wisconsin Quilt Shop Hop special?**

The Quilt Shop Hop is a celebration of the vibrant quilting community in Wisconsin. Participating shops showcase their finest quilts, offering a diverse range of styles, techniques, and fabrics. Quilters have the opportunity to meet the talented artisans

who create these masterpieces and learn about their inspiration and methods.

### **What are some tips for planning a Quilt Shop Hop?**

To make the most of the Quilt Shop Hop, plan your route in advance and allow plenty of time to visit each shop. Bring a camera to capture the stunning quilts and don't forget your passport to collect those coveted stamps. Consider staying overnight in a nearby area to fully immerse yourself in the quilting atmosphere.

### **What are the benefits of participating in the Quilt Shop Hop?**

Participating in the Wisconsin Quilt Shop Hop offers numerous benefits. It provides an opportunity to connect with fellow quilters, explore the beautiful Wisconsin countryside, and support local quilt shops. Quilters can expand their fabric and pattern collections, gain inspiration for new projects, and simply enjoy the camaraderie of the quilting community.
