My favorite hobby is playing the piano. I started playing when I was 8 years old and I have loved it ever since. I love the feeling of making music and being able to express myself through it.

I play all different kinds of music, from classical to pop to jazz. I also enjoy composing my own music. I find it really rewarding to be able to create something new and share it with others.

Playing the piano has brought me a lot of joy and fulfillment over the years. I am grateful for the opportunity to have learned it and I look forward to continuing to play for many years to come.
