The Yellow Wallpaper: Examining Oppression and Madness Through a Feminist Lens

Introduction

Charlotte Perkins Gilman's "The Yellow Wallpaper" (1892) is a seminal work in feminist literary criticism that explores the oppressive nature of gender roles and the pathology of madness in the late Victorian era. This article examines the novel through a feminist lens, utilizing scholarly secondary sources and critical essays to illuminate its themes and literary significance.

Question 1: What is the narrator's oppression rooted in?

Answer: Gilman portrays the narrator as a woman trapped by social norms and expectations. Her confinement to the summer house, the prescriptions of her physician husband, and the dominant patriarchal values of the time limit her agency and self-expression (Gilman, 1892).

Question 2: How does the yellow wallpaper symbolize the narrator's descent into madness?

Answer: The wallpaper, with its grotesque pattern and elusive forms, becomes a metaphor for the narrator's repressed and fragmented psyche. As she obsesses over it, the wallpaper transforms into a symbol of her psychological deterioration and the suffocating nature of her environment (Drury, 2016).

Question 3: What is the significance of the narrator's writing?

Answer: The narrator's diary entries serve as a subversive voice that challenges the traditional gender roles and medical discourses of the time. Through her writing, she expresses her rage and the destructive consequences of her oppression (Lander, 2018).

Question 4: How does "The Yellow Wallpaper" contribute to the feminist movement?

Answer: Gilman's novel exposed the double standards and power imbalances faced by women in Victorian society. It became a rallying cry for the feminist movement, highlighting the systemic oppression and mental health issues experienced by women (Gilbert and Gubar, 1979).

Question 5: What are some modern interpretations of the novel?

Answer: Contemporary scholarship has expanded the analysis of "The Yellow Wallpaper" beyond the feminist lens. Scholars have examined its intersections with Gothic literature, postcolonialism, and queer theory (Olson, 2018).
