**What are the main events in Chapter 6 of Lord of the Flies?** Lesson Summary In Chapter 6 of William Golding's Lord of the Flies, a dead man with a parachute floats down from the sky, landing in the trees on the mountain as the boys sleep. The twins, Sam and Eric (Samneric) are tending the signal fire when they see something moving and hear a strange noise.

**What are some questions for Lord of the Flies?**

**What is the best description of Castle Rock from Chapter 6 Lord of the Flies?**

The Castle Rock is a fictional place in Lord of the Flies. The boys discover it halfway through the book while looking for the beast and it is described as a 'narrow ledge of rock, a few yards wide, and perhaps fifteen long'.

**Is Lord of the Flies a contemporary novel?** Bleak and specific, but universal, fusing rage and grief, Lord of the Flies is both a novel of the 1950s, and for all time.

**What does Simon say to Ralph in chapter 7 of Lord of the Flies?** Lord of the Flies Chapter 7 Summary While they are resting and eating, Ralph reflects that the ocean will certainly keep the boys from ever being rescued, but Simon reassures him that he will get to go home.

**What are the 4 main events of Chapter 8 of Lord of the Flies?** Four main events occur in this chapter- (1) a physical break between the two tribes (2) a pig hunt, (3) the establishment of the Lord of the Flies, and (4) Simon confronting and communicating with this symbol of evil. The boys return and alert the rest of the tribe to the existence of the beast.

**What is Piggy's real name?** Piggy's real name is never revealed. Instead he is treated as though he is one of the pigs on the island - also like one of them, he is brutally killed. Piggy remains an outsider and a victim throughout the novel, though Ralph does come to respect him. How is Piggy like this?

**Who killed Simon in LOTF?** In the darkness, Simon crawls into the group and tries to tell them what he has seen but it is too late. The boys have lost all control and thinking he is the Beast, they kill Simon - even Ralph and Piggy are involved. That night, Simon's body is carried out to sea.

**What do Piggy's glasses represent?** Piggy's Glasses Piggy is the most intelligent, rational boy in the group, and his glasses represent the power of science and intellectual endeavor in society. This symbolic significance is clear from the start of the novel, when the boys use the lenses from Piggy's glasses to focus the sunlight and start a fire.

**What are the main events of chapter 7 of Lord of the Flies?**

---

**What does Castle Rock symbolize in LOTF?** Castle Rock is a rocky cave far away from Ralph's base at the beach, and represents Jack's power and authority. Its discovery foreshadows, or suggests what's going to happen: Jack's later choice of base. Its seclusion allows him to control what happens there; who goes in and who goes out.

**What does the island symbolize in Lord of the Flies?** The island in Lord of the Flies symbolizes paradise. This wonderful, jungle island seems to have everything the boys could want. The lush freedom of the island seems to allude to the Biblical Garden of Eden created as a sanctuary for man by God.

**What makes the island a utopia in Lord of the Flies?** Although the setting of Lord of the Flies initially appears an Edenic utopia, with abundant fruit, fresh water, and beautiful beaches, it quickly devolves into a dystopian landscape where the boys are hungry, dirty, fearful of the unnamed beast, and tyrannized by an increasingly sadistic leader.

**What happened to Jack at the end of Lord of the Flies?** Jack eventually forms a breakaway group of his own and swiftly becomes a violent dictator. By the end of the novel, he is ordering the torture of other boys and even tries to organise the murder of Ralph.

**Does Ralph know they killed Simon?** Later, Piggy tries to deny that he and Ralph were involved in Simon's murder, but Ralph insists on acknowledging that they participated.

**What does Ralph call Simon's death?** What do Ralph and Piggy say about Simon's death? Ralph says it was murder; Piggy insists it wasn't.

**What is the pig's head name?** Here, Golding makes clear that the pig's head, which is also referred to as Lord of the Flies, another name for the Devil, is a symbol of the beast, which represents evil. During his breakdown, Simon understands that

the beast is not something that can be killed because it exists inside humans.

**What does the pig head symbolize in Lord of the Flies?** The pig's head is a ghastly symbol of evil, the Lord of the Flies being a direct reference to Beelzebub, the Prince of Devils, lord of flies, and dung. The head is the embodiment of the actual beast on the island, the darkness that lives within all people, original sin, and/or human nature itself (Bufkin 48).

**What happens in chapter 9 of Lord of the Flies?** In chapter 9, Simon finds out the beast is actually just a dead body. The boys all go to Jack's feast, and Ralph and Jack argue. Jack has his boys start a tribal dance, and they kill Simon because they are so worked up they think he is the beast.

**What is the symbolism in Chapter 8 of Lord of the Flies?** In chapter eight of William Golding's 1954 novel, "Lord of the Flies," the chapter title, Gift for the Darkness, literally represents a decapitated pig's head on a stick, but figuratively represents Jack and the hunters furthering renouncement of civilization and its morals, and embracement of their new life and their ...

**What important event happened in Chapter 6 of Night?** In Chapter 6 of Night by Elie Wiesel, the prisoners are forced to march for 42 miles after evacuating Buna, one of the Nazi concentration camps. **What happened in the air in Chapter 6 of Lord of the Flies?** In the middle of the night, an air battle takes place near the island. An already-dead pilot on a parachute lands near the fire that Sam and Eric are watching over. They awake to see something flapping in the dark, and run to the beach and claim they have seen the beast.

**What happens at the party in Chapter 6?** The party strikes Nick as particularly unpleasant. Tom is disdainful of the party, and though Daisy and Gatsby dance together she also seems to have a bad time. As Tom and Daisy are leaving, Tom says he suspects Gatsby's fortune comes from bootlegging, which Nick denies.

**What happens to the fire in chapter 6 of Lord of the Flies?** The beast has put out the signal fire, which is the boys' last link to civilization. Ralph calls a meeting that quickly becomes heated. Jack questions Ralph's decisions and leadership, mocks Piggy, and claims the conch no longer matters.
