Structural Analysis by Aslam Kassimali: Solution Manual

Question 1:

Find the reactions at the supports of the simply supported beam shown in the figure below. The beam is subjected to a uniformly distributed load of $w = 5 \text{ kN/m}$ over its entire length of $L = 6 \text{ m}$.

Answer:

- Reaction at the left support: $R_1 = 3 \text{ kN}$
- Reaction at the right support: $R_2 = 3 \text{ kN}$

Question 2:

Calculate the internal forces (axial force, shear force, and bending moment) at a section located at $x = 2$ m from the left end of the beam in Question 1.

Answer:

- Axial force: $P = 0$ kN
- Shear force: $V = +5$ kN
- Bending moment: $M = -2$ kNm

Question 3:

Determine the maximum deflection and the location of the maximum deflection for the beam in Question 1.

Answer:

- Maximum deflection: $\delta_{\max} = 0.0625$ m
- Location of maximum deflection: $x = L/2 = 3$ m

Question 4:

A rectangular column with a height of 3 m and a cross-sectional area of 0.25 m^2 is subjected to a compressive load of 200 kN. Determine the stress and strain in the column if the modulus of elasticity of the material is $E = 200$ GPa.

Answer:

- Stress: $\sigma = 800$ MPa
- Strain: $\epsilon = 0.004$

Question 5:

Design a reinforced concrete beam with a span of 5 m to carry a service load of 20 kN/m, in addition to its own weight. Use $f'_c = 25$ MPa and $f_y = 400$ MPa.

Answer:

- Beam dimensions: 200 mm x 300 mm

- Reinforcement: 4 Ø10 mm bars at the top and 2 Ø10 mm bars at the bottom

The Meursault Investigation: Unraveling the Mysteries

What is "The Meursault Investigation"?

"The Meursault Investigation" is a 2019 novel by Algerian writer Kamel Daoud that reimagines the classic Albert Camus novel "The Stranger" from the perspective of the victim's brother, Harun. The novel explores the complex relationship between victim and perpetrator, and the lasting wounds inflicted by violence.

What is the Key Conflict of the Book?

Harun, the brother of Camus's protagonist Meursault, seeks retribution for his brother's murder, which Meursault committed in "The Stranger." However, his investigation uncovers a web of biases, indifference, and systemic injustice that both enabled and obscured Meursault's crime.

How Does the Novel Challenge Camus's Depiction of Meursault?

Daoud challenges Camus's portrayal of Meursault as an isolated and alienated figure. Harun reveals the devastating impact of Meursault's actions on the victim's family and community. He argues that Meursault's indifference and lack of empathy extended beyond killing one man to a broader dehumanization of the colonized Algerian population.

What are the Themes Explored in "The Meursault Investigation"?

The novel explores themes of revenge, guilt, and the search for justice. It questions the nature of truth and the possibility of reconciliation in a postcolonial society. Additionally, it examines the power of storytelling and the ways in which narratives can shape our understanding of the past and present.

How Has the Novel Been Received?

"The Meursault Investigation" has received critical acclaim for its powerful writing, nuanced storytelling, and provocative themes. It has won numerous literary awards and has been translated into over 30 languages. The novel has sparked important conversations about the legacy of colonialism, the nature of violence, and the

complexities of justice.

What is the message of Dostoevsky? The very heart of Dostoevsky's teaching is this: we are “creatures,” inextricably flesh and spirit, and will only find joy when we accept this fundamental reality, a paradox which is the ground of our freedom and dignity. His effort to find an image of man in search of God for his time is what makes him timeless.

What are the arguments against Dostoevsky? Even more intense is the criticism levelled at Dostoevsky's stylistic craftsmanship. From the very beginning, critics found his style prolix, repetitious, and lacking in polish. (9) Often enough Dostoevsky was also found to be obscure, pretentious, artificial, and sentimental.

What were the ideas of Dostoevsky? Dostoevsky often goes into complex topics, purpose and meaning of life, the search for meaning, the nature of free will, the existence of God, religion, the nature of evil, suffering, and morality, prompting us, the readers, to reflect on our beliefs and philosophies. His social and political commentary.

Did Dostoevsky write in Russian or English?

What is the main theme of Dostoevsky? It does not explicitly mention the main themes in his novels. The main themes in Dostoevsky's novels are Christian themes, including crime and punishment, the nature of evil, and the search for redemption.

What are Dostoevsky's beliefs? Dostoevsky was deeply Eastern Orthodox and religious themes are found throughout his works, especially in those written after his release from prison in 1854. His early works emphasised realism and naturalism, as well as social issues such as the differences between the poor and the rich.

What is the point of Dostoevsky? While Dostoevsky's novels never give us final answers, they show how the question of who we are and what is good for us cannot ever be answered with a simple formula and must be rethought by each generation.

What does Dostoevsky think about freedom? Dostoevsky seems to think freedom is impossible in a rational utopia, while Chernyshevsky believes that such a society would be the pinnacle of human free- dom – which is inherently connected with our capacity to reason. Each author, in his own context, agrees that freedom is the ulti-

mate good.

What does Dostoevsky say about Crime and Punishment? While the extraordinary have the right to commit all sorts of crimes and various ways to transgress the law, because in point of fact they are extraordinary.” It seems Dostoevsky's point is that crime isn't just the killing and stealing kind, rather it's expressions and actions that run against conventional wisdom.

What can you learn from Dostoevsky?

What political party was Dostoevsky? At the beginning of his career as a writer, Dostoevsky was a Belinsky-type pro-European liberal who later became a follower of French Utopian Socialism. Belinsky's influence on young Dostoevsky was indeed significant.

Why did Nietzsche like Dostoevsky? Nietzsche found a brother in Dostoevsky because of this pessimistic reading of modern culture and the fear of nihilism and meaninglessness that would result from modernity's failure to recognize man's “irrational” and spiritual nature, the part of man that defies rational categories.

What did Dostoevsky believe about Russia? In Dostoevsky's mind, the Church served a vital role in the creation and maintenance of Russian identity. To be an atheist is to be anti-Russian due to a lack of belief in the “Russian God which is none else than the Russian nation” (Kohn 401).

Why do people like Dostoevsky? To state the obvious, Dostoevsky's style is his style. More, his complexity is the very thing that endears him to other readers, who can spend their lives studying him. Those who hold him in high esteem are a roll call of literary and intellectual giants.

Is it harder to read Tolstoy or Dostoevsky? My understanding before reading Crime and Punishment was that Dostoevsky is quite a bit more challenging to read compared to Tolstoy and I found that this is definitely the case. While I found Tolstoy's writing to be surprisingly easy to read, Dostoevsky demands more from the reader.

What is the point of Dostoevsky's story? Dostoevsky's literary works explore the human condition in the troubled political, social, and spiritual atmospheres of 19th-

century Russia, and engage with a variety of philosophical and religious themes.

What is Dostoevsky's point? Dostoevsky's point is that man's actions are not predictable. There are even some men who enjoy suffering and are only happy when they suffer.

What is the main message of Crime and Punishment? In Crime and Punishment, some of the themes that are explored include alienation, utilitarianism, and repercussions for our actions. The protagonist and murderer, Raskolnikov, is alienated from society because of his feelings of superiority over other people.

What do you think Dostoevsky's message is in Notes from Underground? The novel directly suggests that through enlightened self-interest, we would all arrive at the same conclusion: that working together in a spirit of harmony and open-heartedness combined with scientific methods can lead to a total transformation of human society.
