**What book is The Hobbit: An Unexpected Journey based on?** The Hobbit: An Unexpected Journey is a 2012 epic high fantasy adventure film directed by Peter Jackson from a screenplay by Fran Walsh, Philippa Boyens, Jackson, and Guillermo del Toro. It is based on the 1937 novel The Hobbit by J. R. R. Tolkien.

**What was the point of The Hobbit: An Unexpected Journey?** A reluctant Hobbit, Bilbo Baggins, sets out to the Lonely Mountain with a spirited group of dwarves to reclaim their mountain home and the gold within it from the dragon Smaug.

**How much longer is The Hobbit: An Unexpected Journey extended edition?** These versions have new editing, scenes, special effects and music, and also more scenes and content than the theatrical versions. The Hobbit: An Unexpected Journey contains 13 minutes of additional footage.

**Is The Hobbit: An Unexpected Journey for kids?** As a novel, The Hobbit skews younger than The Lord of the Rings, so it's only natural that the film is also more accessible for tweens -- just have them look the other way for a few of the darker battle sequences.

**How old is Thorin in An Unexpected Journey?** References. ? Thorin is one hundred and forty-four years Bilbo's senior. Given that Bilbo was fifty when he met Thorin, the dwarf king is 195 in the books.

**Is Gimli in The Hobbit: An Unexpected Journey?** Although Gimli was not mentioned in An Unexpected Journey, he was mentioned in his father's character profile in the website and the locket showing him and his mother appeared in The

Hobbit: An Unexpected Journey Chronicles: Art and Design.

**What is Smaug's nickname?** In the conversation between Smaug and Bilbo, Bilbo calls him "Smaug the Tremendous", "Smaug the Chiefest and Greatest of Calamities", "Smaug the Mighty", "Smaug the Unassessably Wealthy", "Lord Smaug the Impenetrable" and "Your Magnificence", and later Bilbo refers to him as "Smaug the Terrible" and "Smaug the Dreadful ...

**What happened to Tauriel?** Tauriel's fate Tauriel was banished from Mirkwood by Thranduil, so what happens to Tauriel after the Battle of Five Armies remains unknown, although actress Evangeline Lilly stated in an interview that Tauriel returns to Mirkwood.

**Who did Saoirse Ronan play in The Hobbit?** Peter Jackson approached Ronan to play an elf in The Hobbit film series, but she withdrew from the project due to scheduling conflicts. She was instead drawn to Neil Jordan's horror film Byzantium (2012), as the "dark, gothic and twisted" project provided her an opportunity to play a more complex and mature character.

**Is it worth getting the Hobbit Extended Edition?** Just like the extended version of Lord of the Rings, the extended version of the Hobbit fills in some major plot holes. There were some plot twists in both series that had me wondering if we had read the same books. Both extended versions cleared up a number of these issues. Well worth it if you are a Tolkien fan.

**What is the difference between The Hobbit regular and extended edition?** The Hobbit: An Unexpected Journey (extended edition) is an extended version of The Hobbit: An Unexpected Journey. It has 13 minutes of additional footage added back into the film (bringing its total running time up to 182 minutes), as well as multiple documentaries about the making of the film as supplements.

**How long is the entire Hobbit trilogy?**

**Why is The Hobbit rated R?** The violence in this movie could justify an R rating. It is nearly as violent as the movie "300". Decapitation after decapitation.

**Why is the desolation of smaug a 15?** The band of adventurers reach the lair of the dragon in the second part of this adaptation of the novel. Violence between

fantasy characters can be bloody and intense and some scenes may frighten younger viewers.

**Why is The Hobbit a 15?** It isn't; only the Extended Edition of The Battle of the Five Armies is. The reason for this is the violence and gore (surprisingly) contained in the battle scenes. In a marked change from the Lord of the Rings and the rest of the Hobbit, there's quite a lot of gruesome violence in the last Hobbit film.

**How old was Fíli in human years?** Fíli (T.A. 2859 – 2941, 82 years old) was one of the thirteen Dwarves who took part in the quest for Erebor, which was Bilbo Baggins's great adventure. He was one of the three Dwarves of Thorin's company who did not survive the Battle of Five Armies (the other two being his uncle Thorin and his brother Kíli.)

**Who married Thorin?** Thorin became the dwarf king at a very young age after the battle. However, Thorin never married nor had any children. The young dwarf king led his people out of Dunland and they finally re-established their home in the Blue Mountains. His younger sister, Dis, later gave birth to two children, Fíli and Kíli.

**How old is Kíli Durin?** Kíli (T.A. 2864 – 2941 77 years old) was the son of Dís, the sister of King Thorin, and brother of Fíli.

**What did Legolas call Gimli in The Hobbit?** However, Legolas questions about Gimli, calling him the woman in the portrait, classifying her as his brother and Gimli a "goblin mutant." An offended Gloom says that is his wife and son.

**Who did Ron Perlman play in The Hobbit?** Rumors Confirmed: Ron Perlman was set to play BEORN in Guillermo del Toro's THE HOBBIT. We will be talking about this today on TORN Tuesday at 5pm PT. Dang...he would have rocked it.

**Did Balin visit Bilbo?** In the autumn of 2949, Balin accompanied Gandalf to visit Bilbo in the Shire. Bilbo noted that Balin's beard was many inches longer and that he wore a magnificent jewelled belt. The three friends talked for hours and Bilbo learned of the new prosperity of the Kingdom under the Mountain and the restored town of Dale.

**What novel is The Hobbit based off of?** The films are based on J. R. R. Tolkien's 1937 novel The Hobbit, but much of the trilogy was inspired by the appendices to his

1954–55 The Lord of the Rings, which expand on the story told in The Hobbit. Additional material and new characters were created specially for the films.

**Which books are The Hobbit movies based on?** The movies are based on J. R. R. Tolkien's book The Hobbit. The film series stars Martin Freeman, Ian McKellen, Luke Evans, Lee Pace, Stephen Fry, Orlando Bloom and other.

**How closely does The Hobbit movie follow the book?** The movie added elements to tie in Hobbit to LOTR, like Radagast and the Necromancer. Those I am OK with. However, there were also a lot of changes that were not canon. I had expected, with three movies, Peter Jackson would be at least as true to the Hobbit book as he was to the LOTR books.

**What book inspired The Hobbit?** Themes from Old English literature, especially from Beowulf, shape the ancient world which Bilbo stepped into. Tolkien, a scholar of Beowulf, counted the epic among his "most valued sources" for The Hobbit.
