**How old is the age for Discord?** How do you ensure teens under 13 can't create an account? Discord's Terms of Service require people to be over a minimum age to access our app or website. The minimum age to access Discord is 13, unless local legislation mandates an older age.

**What is the structural demographic theory?** In social science, the structural-demographic theory (SDT, also known as Demographic Structural Theory) uses mathematical modeling to explain and predict outbreaks of political instability in complex societies.

**Can my 12 year old have Discord?** Discord requires that users be at least 13 years old, although they don't verify users' age upon signup.

**Why is Discord 17+?** Discord's Terms of Service requires people to be over a minimum age to access our app or website, so we are introducing a system to verify that users satisfy that minimum age requirement. We do this to keep our users safe and ensure they don't encounter material that's not appropriate for them.

**What are the 4 demographic theories?** Sociologists have long looked at population issues as central to understanding human interactions. Below we will look at four theories about population that inform sociological thought: Malthusian, zero population growth, cornucopian, and demographic transition theories.

**What are the three stages of demographic theory?** Stages of the Demographic Transition Stage 1—High birth and death rates lead to slow population growth. Stage 2—The death rate falls but the birth rate remains high, leading to faster population growth. Stage 3—The birth rate starts to fall, so population growth starts to slow.

**Who introduced demographic theory?** The theory of demographic transition or of population stages or of population cycle has many versions. It has been propounded by W.S. Thomson and F.W. Notestein. They explain the theory in three stages.

**Is Discord for 13+?** Age requirements and responsibility of parents and legal guardians. By accessing our services, you confirm that you're at least 13 years old and meet the minimum age required by the laws in your country.

**What is the NSFW age on Discord?** Our Community Guidelines require that all adult content posted to Discord be kept behind an age-restricted gate. Server owners can designate specific channels as being 18+ by adding an age-restricted gate. Entire servers can now be classified as 18+ through the use of an age-restricted server designation.

**What is the average age for Discord?** According to statistics, 20.6% of Discord users are 16 to 24 years old, while 53.4% are 25 to 34 years old. Only 2% are above 60 years old. The remaining 24% are below 16 or between 35 and 59 years old.

**How to check age in Discord?**
