

# CIVILIZATION ON TRIAL BY ARNOLD J TOYNBEE REVIEW

## [Download Complete File](#)

**What is Arnold Toynbee's theory of civilization?** Toynbee argues that civilizations are born out of more primitive societies, not as the result of racial or environmental factors, but as a response to challenges, such as hard country, new ground, blows and pressures from other civilizations, and penalization.

**Was Arnold Toynbee religious?** In general, historians pointed to his preference for myths, allegories, and religion over factual data. His critics argued that his conclusions are more those of a Christian moralist than of a historian.

**What is the main subject matter of Arnold Toynbee book A Study of History?** In the Study Toynbee examined the rise and fall of 26 civilizations in the course of human history, and he concluded that they rose by responding successfully to challenges under the leadership of creative minorities composed of elite leaders.

**What is the abortive far western civilization?** An example of this appears in Toynbee's Study of History (1934–1961), which identified Celtic Christianity with an "Abortive Far Western Civilization" – the nucleus of a new society, which was prevented from taking root by the Roman Church, Vikings, and Normans.

**What is the paradox of civilization?** Since civilization entailed the joint achievement of prosperity and security, its emergence is a fundamental paradox. Primitive societies that held production close to subsistence levels could hope to mitigate predation, but stagnation would foreclose the civilization process.

**What term believed to have been popularized by Arnold Toynbee?** Although used earlier by French writers, the term Industrial Revolution was first popularized by

the English economic historian Arnold Toynbee (1852–83) to describe Britain's economic development from 1760 to 1840.

**What is Toynbee's theory of decay?** He argues that, as civilizations decay, they form an "Internal Proletariat" and an "External Proletariat." The Internal proletariat is held in subjugation by the dominant minority inside the civilization, and grows bitter; the external proletariat exists outside the civilization in poverty and chaos, and grows envious.

**What is the meaning of toynbee?** Toynbee Surname Meaning The place-name derives from Old Scandinavian tún 'enclosure' + bý 'farmstead village'.

**What is the challenge and response theory by Arnold Toynbee?** In his book "A Study of History," Arnold Toynbee presents "The Challenge and Response theory,". This hypothesis explains why and how civilizations throughout history have grown and vanished. This hypothesis holds for 26 civilizations that have emerged throughout human history.

**What did Arnold Toynbee invent?** Arnold Joseph Toynbee (April 14, 1889, London – October 22, 1975, York) was an English historian and sociologist who developed the theory of civilizations.

**What does history mean according to the historian Arnold Toynbee?** "History" is a Greek word which means, literally, just "investigation." — Arnold Toynbee. History is the memory of things said and done.

**What is a tribute to Mahatma Gandhi by Arnold J. Toynbee about?** Answer. Explanation: Arnold J. Toynbee, the renowned historian, penned a profound tribute to Mahatma Gandhi, acknowledging his unparalleled contribution to humanity through nonviolent resistance and his unwavering commitment to truth and justice.

**What is the hatred of Western civilization?** Anti-Western sentiment, also known as anti-Atlanticism or Westernophobia, refers to broad opposition, bias, or hostility towards the people, culture, or policies of the Western world.

**Is Egypt part of the Western civilization?** Likewise, Egypt contributed not just wealth but its unique culture to the surrounding regions, serving as one of the founding elements of Western Civilization as a whole.

**What are the three pillars of Western civilization?** Important to our understanding of Western civilization are three key pillars that make it distinctive in the world: the Judeo-Christian tradition, democracy and rationality.

**What is the greatest paradox of life?**

**Is there a lost civilization?** Çatalhöyük. Modern-day south-central Turkey was once home to one of the world's oldest cities: Çatalhöyük. It was part of an extensive civilization that flourished between 9,000 and 7,000 years ago and then suddenly disappeared.

**What is the greatest paradox in human nature?** The paradox of doing things that are totally in contradiction with our principles and beliefs is probably the most common paradox. Because it is inherent in our nature, it is almost impossible for us to change.

**Which is the cause of all social change according to Toynbee?** Arnold Toynbee used the term 'Challenge and Response' • Toynbee asserts that every society faces challenges, • at first... challenges posed by the environment • Later challenges from internal and external enemies. The nature of the responses determines the society's fate.

**Why is Arnold Toynbee important in the history of social work?** His interest in and desire to help Britain's growing numbers of poor led him into a close association with the poor working-class district of Whitechapel in East London, and his attempts to establish housing and libraries there were commemorated after his death by Toynbee Hall, a pioneering social settlement in East ...

**What is the study of history Toynbee about?** In his Study of History Toynbee describes the rise and decline of 23 civilisations. His over-arching analysis was the place of moral and religious challenge, and response to such challenge, as the reason for the robustness or decline of a civilisation.

**What is the fall of civilization theory?** Anthropologists, historians, and sociologists have proposed a variety of explanations for the collapse of civilizations involving causative factors such as environmental degradation, depletion of resources, costs of rising complexity, invasion, disease, decay of social cohesion, growing inequality,

extractive ...

**What is the theory of lost civilization?** The Silurian hypothesis is a thought experiment which assesses modern science's ability to detect evidence of a prior advanced civilization, perhaps several million years ago. The most probable clues for such a civilization could be carbon, radioactive elements or temperature variation.

**What is Arnold theory?** What was Arnold Gesell's theory? Arnold Gesell's maturation theory says that young children's development occurs in stages that are not strictly correlated to age. Instead, child development is cyclical.

**What is the theory of first civilization?** Current theories and findings identify the Fertile Crescent as the first and oldest cradle of civilization. Examples of sites in this area are the early Neolithic site of Göbekli Tepe (9500–8000 BC) and Çatalhöyük (7500–5700 BC).
