What is the theme of the island by Alistair MacLeod? The story deals with themes of isolation, loneliness, love, sexuality and the vastness of the world when

someone is trying to find their place within it.

What is Alistair MacLeod the boat about? The youngest child and only boy in a fishing family of seven children grows up on the Nova Scotia coast. There, he must choose whether to follow in the family tradition of fishing, as his mother wants, or to follow his passion for books that his father instilled in him.

What is the island allegory? It might represent a lost paradise, or the center of the personality where "My soul and my conscious, that is what my Self is, and I am part of it like an island in the midst of the waves, like a star in the sky" (Julien, 214). An island can also be a place of loneliness and isolation.

What does the tribe's burning of the island symbolize? The island was a paradise (like the Biblical Eden) and its destruction reflects the theme of loss of innocence. Savagery has taken over, and we get to see the fully destructive nature of humanity through these boys giving into their worst impulses and eliminating their own food and shade in order to hunt Ralph.

What is the conflict in the boat Alistair MacLeod? Conflict: The main conflict presented in this story involves the son being pressured by both his parents; by his father to go to university like he couldn't do himself, and by his mother to continue the family's tradition of fishing. He is obligated to help his family...to a point (his father's death).

What is the irony in the boat by Alistair MacLeod? Ironically, Alistair's life changed after his father's death, "there was not much left of my father, physically, as he lay there with the brass chains on his wrists and the seaweed in his hair"(277). Alistair would have been like his father if he hadn't died. He's a university professor now.

What is the message in the boat by Alistair MacLeod? "The Boat," in which the parents in a family conflict about what they feel they do or don't owe to their traditional fishing lifestyle, makes clear that the deeper truth is more complicated. More specifically, the story shows that two people can—for good reason—feel a duty to radically different things.

What is the message of the island? The preciousness of human life in all its forms is an overarching theme. It's shown that being human is more than mere biological life, and a man says that people must have some ultimate hope to truly live. McCord risks his life to help Lincoln and Jordan after they escape.

What is an island a metaphor for? The island has become a metaphor for civilisation, and the solitaires or castaways epitomes for Vemean man. The formula has the capacity to allow for the expression of adventure and the excitement of the unfamiliar, for the conscious urge to educate and enlighten, and it is exploited fully.

What did the island represent? The island acts as a religious symbol for Pi's spiritual journey. In one sense it represents an easy, shallow kind of faith – it seems stable at first and promises worldly delights of food and comfort, but it has a treacherous underbelly.

What is ironic about the fire on the island? Jack starts a wildfire to find Ralph, but the smoke brings a rescue boat to the island. This is ironic because Jack originally said a signal fire was a stupid idea.

What does the scar across the island symbolize considering this? It is an actual, or literal, scar on the island but is also a symbolic, or figurative, scar to show that not only is the island's environment damaged but that the boys also do significant physical harm to each other while living on the island.

Why do the savages set fire to the island? At the end of Lord of the Flies, the savages set the island on fire to force Ralph out into the open. Ironically, a ship sees the smoke and comes to their rescue.

What is the main theme in the movie The Island? The preciousness of human life in all its forms is an overarching theme. It's shown that being human is more than mere biological life, and a man says that people must have some ultimate hope to truly live. McCord risks his life to help Lincoln and Jordan after they escape.

What is the theme of the book island? Island is a utopian novel. It presents new ways of seeing the role of government where greed, envy, power, and dominance are not primary motivating forces. Among the parallels between the two novels are the societal impacts of widespread drug use, sexuality and promiscuity, education;

and religion.

What is the theme of the island play? They have chosen to perform Sophocles's "Antigone", which gives voice to their message about choosing to obey a higher moral authority while disobeying the law. "The Island" is a story of friendship and hope and despair and speaking out against an unjust political system.

What is the theme of the island within? In "The Island Within," one overarching theme is the concept of home. In the first six lines of the poem, the speaker describes the previous night at Behar's house, complete with descriptions of the cold, the winter snow, "the frigid air" (Line 3) and the "bare oaks" (Line 3).
