The Catastrophic History of You and Me: An Exclusive Interview with Jess Rothenberg

"The Catastrophic History of You and Me" is a captivating new novel by Jess Rothenberg that explores the complexities of love, loss, and the paths not taken. Here, we present an exclusive interview with the author to delve into the inspiration behind the book and its intriguing themes.

Q1. What inspired you to write "The Catastrophic History of You and Me"?

"I wanted to write a book about the choices we make and the people we become because of them. I was fascinated by the idea of two people who meet in a pivotal

moment in their lives and then have their paths diverge dramatically over the course of many years."

Q2. The book tackles the theme of missed connections. How important is this concept to you?

"Missed connections are incredibly poignant because they remind us of the infinite possibilities that exist in our lives. I believe that every person we meet has the potential to change our trajectory, and it's both exhilarating and terrifying to contemplate the paths we could have taken if things had been different."

Q3. The protagonist, Rachel, makes many mistakes throughout the novel. How did you approach writing a flawed and relatable character?

"Rachel is a very human character who makes both good and bad decisions. I wanted readers to empathize with her even when they disagreed with her choices. I tried to create a character who was flawed but also strong, resilient, and ultimately deserving of love."

Q4. The novel spans several decades. How did you research and recreate the different time periods?

"I spent a lot of time reading primary and secondary sources to immerse myself in the different eras. I also consulted with experts in various fields to ensure that the details of the book were accurate. I wanted readers to feel like they were transported back in time, and I believe that the research paid off."

Q5. What message do you hope readers take away from your book?

"I hope that readers will be reminded of the importance of staying true to themselves, even when it's difficult. I also hope that they will find comfort in knowing that they are not alone in their struggles and that even in the most catastrophic of events, there is always hope for redemption and renewal."
